

### A First Aid To Thrift

THRIFT means handling your affairs In such a manner that the value of what you own is steadily increased.

An interest-earning savings account at the Bank of Montreal is a first aid to thousands of thrifty persons from one end of the Dominion to the other.

### COMMENCING TODAY

National railway to prairie points went into effect today. These rates are applicable to men seeking harvest work who have obtained letters confirming their engagement by farmers on the prairies. Regular movements of farm hands to the east will commence on Monday, but scarcely any will go from Prince Ruper!. J. Campbell, Dominion employment agent, reports a number of

men already booked at the special rates along the northern line of the Canadian National. There are very few idle men in the city at the present time and it is doubtful if as many men will be shipped from the district this year for harvest work as last year.

Few choirs have attained the high musical perfection or international popularity of this remarkable organization.

Brunswick alone, with its exclusive Light Ray Electrical Recording Method, has successfully retained on records all the soulstirring richness of the entire Toronto Mendelssohn Choir.

In connection with this achievement, it is of interest to know that these selections were recorded at the Toronto Conservatory of Music through the kind co-operation of its officials.
