FRED G. FREER JOINS RAILWAY

MANITOBA LAW SETTLEMENT OFFICER GIVEN IMPORTANT POST WITH C.N.R.

WINNIPEG, Oct. 27.—Fred G. Freer, who since 1921 has been district superintendent of the land settlement branch in the province of Manitoba for the Federal Government, has been appointed superintendent of the Canadian National Land Settlement Association. The announcement of this appointment, which becomes effective November 1, was made yesterday by the Colonization Department of the Canadian National Railways here. Mr. Freer will have his headquarters in Winnipeg and he will have jurisdiction over the whole of western Canada as well as the branch offices which have been established in Saskatoon and Edmonton.

The appointment of Mr. Freer to this position follows two years of organization and development work by the Canadian National Land Settlement Association during which time the activities of the organization have increased to such an extent that it is felt its scope is sufficient to warrant direct supervision particularly in view of the fact that all indications point to increased land settlement during the immediate future. The organization takes charge of the settlement on land of settlers who are in a position to work the land and also the supervision of these settlers until they have attained economic independence. It will also be part of Mr. Freer's duties to assist in promoting co-operation between all the colonization organizations operating along the lines of the Canadian National Railways in Western Canada.

By birth, as well as by training, Mr. Freer is eminently suited to his new duties. He was born and raised on a farm in the Brandon district. His early education was received at Brandon College and later at the University of Saskatchewan from which he was a gold medallist graduate with the degree of Bachelor of Science in 1915.

He immediately went on the staff of the University as instructor of science and agriculture and, during that period, he was engaged in survey work in Saskatchewan. In the autumn of 1916 he enlisted with the University Battalion and proceeded to England where he was drafted to the First Canadian Mounted Rifles with which he served as an officer in France.

On returning to Canada in 1919, he joined the staff of the Land Settlement Branch at Regina and, in the fall of the same year, he was transferred to Edmonton as assistant superintendent. In the following year he became superintendent of the Edmonton branch and the following year he was transferred to Winnipeg as Manitoba superintendent.

DEPUTY SPEAKER INTENDS RETIRE

J. P. HOPE, MEMBER FOR SHEFFIELD, WILL NOT SEEK RE-ELECTION

LONDON, Oct. 27. — (Canadian Press Despatch).—J. P. Hope, Deputy-Speaker of the House of Commons and Chairman of Committees since 1921, has intimated that he will not seek re-election for the Central Division of Sheffield after the present parliament. Mr. Hope is a cousin of the youthful Duke of Norfolk, the premier peer of Great Britain, and, like all the members of the ancient Howard family, a devout Catholic. He has represented the Central Division of Sheffield since 1908, and for eight years previously was member for the Brightside Division of the same city. His work as Deputy-Chairman of the Commons has earned him the respect of all branches of the House, for he has displayed an urbane and considerate disposition when occupying the chair, allied to which has been a thorough knowledge of procedure. The same may be said of his fulfilment of the even more arduous duties of Chairman of Committees.

Mr. Hope's retirement may place the Ministerial Party in a position of some difficulty if, as is expected in some quarters the Speaker, the Rt. Hon. J. H. Whitley, seeks retirement in the early future. When a vacancy in the Speakership has arisen it has long been the custom to consider first the claims of the Deputy Speaker for this high office. However, as Mr. Hope is himself seeking release from Parliament at a definite date, it is doubtful if the Conservatives would consider him an entirely eligible candidate, although his qualifications without doubt would be deemed irreproachable. A Speaker, once elected, is almost invariably re-elected as Parliament succeeds Parliament, until he chooses himself to retire, and to take the well-deserved reward of a pension and a seat in the House of Lords.

The Speaker enjoys a salary of £5,000 and a stately residence within the precincts of the Palace of Westminster to give the Houses of Parliament their really proper title. He is the first Commoner in the land. One dignity of his office is the possession of an enormous coach, in appearance something like the famous coach of the Lord Mayor of London, but much heavier and more unwieldy. It is very seldom seen, though. The last occasion was at King George's Coronation, when the Speaker rode in it to Westminster Abbey—a distance of about 500 yards. It took six brewer's day horses to draw this impressive equipage.

CANNED HEAT IS NEWEST LIQUOR

TURO, N.S., Oct. 27.—A new method of meeting the shortage of easily attainable liquor was disclosed when Fred Hamilton of Harmony Road, was convicted of drunkenness. He pleaded guilty of drinking "canned heat." In Victoria Park, near what is called "Brandy Spring," officers found half a barrel of empty canned heat containers, where the thirsty ones had dissolved the fuel in the waters of the spring and achieved unique jags.

DEAD DRUNK WAS CLOTHIER'S DUMMY

BRIDGEWATER, N.S., Oct. 27.—This town was cheated of a front page news story the other night when "the dead body" of a man who had drunk himself to death in an abandoned box car was found to be a clothier's dummy dressed for the occasion and placed in a litter of empty bottles by unknown practical jokers.

Hundreds of pigeons, flocking in friendly intercourse with loiterers on the steps of the New York Fifth Avenue library, make it look like a Venetian plaza.

Hens scratching in a sandpit on the golf links at Fleetwood, England, resulted in the discovery of 400 Roman coins.
