

Home brews are dangerous

Dr. Frank McCoy

Eminent physician and authority on diet, says, in his book—

"The Fast Way to Health"

"... HOME BREW BEERS produce a form of disease, which, when developed, seems almost impossible to cure. I have personally known of many cases of death which can be traced to this cause; where autopsy has shown that the liver has stopped functioning without any organic disease . . ."

BREWING is an exact science. Home made beers, made without the knowledge of the safeguards necessary to proper brewing and without ageing to insure complete fermentation, are dangerous. Drink pure beer that is scientifically brewed in a brewery, and preserve your health.

Making Dishwashing Harmless to the Hands

NO longer need dishwashing be an unpleasant task!

A spoonful of Lux softens the dishwasher, works wonders in cleansing and leaves the hands smooth and presentable.

Lux is a bland soap that is quite as effective as harsh and strong cleansing agents. A little goes a long way.

The popularity of Lux has encouraged imitation.

Look for the name of Lever Brothers Limited on the package. Lux is never sold in bulk.

PRESCRIPTIONS

When your physician writes a prescription he specifies exactly what drugs he wants and the amount of each ingredient. But the problem of compounding these ingredients so that the **BEST RESULTS** are obtained—that is left to the pharmacist's judgment.

How important it is, then, to choose your pharmacist with care and take the prescription to one who is properly qualified by law, by education, and by experience to perform this important task. For all the accumulated knowledge brought to bear by your doctor in writing the prescription may go for naught unless the compounding is done in accordance with the most approved methods.

When your prescription is compounded by us you are assured of getting exactly what the doctor specifies. Furthermore, you are assured of having the prescription compounded properly by an **EXPERIENCED PHARMACIST** with the **VERY BEST GRADE OF MATERIALS OBTAINABLE**.
