## arms More Air Than Heaters Twice Its Size

What you see when looking at the wonderful Ideal VECTO Warm Air Heater is its stylish jacket of pearl-lustrous, porcelain enamel. The heat-fins are inside. Open the ash-tight door—study the mass of ribs or pleats—which arrest and rub every particle of heat into the fast-flowing stream of gently warmed air, sent to all rooms.

VECTO gives constant warm-air circulation-not "spotty dead-air" of old-ways! Burns coal, coke, wood; cuts bills.
Next to Ideal Hot Water Radiator Heating, VECTO is best for heating small buildings, single flats and cottages. Made in one size only, for use in buildings of not over 6000 cubic feet contents. \$99 (freight extra). Manufactured at Toronto Plant. See it, at your dealers, today!

WILL BE FIRST EVENT OF ITS KIND IN CENTRAL INTERIOR

The first local seed fair in Central British Columbia will be held in Smithers, Firday, November 12.

The fair is being held under the direction of the Provincial Department of Agriculture at Victoria in co-operation with the Dominion Seek Branch. Classes are being provided for grass, potato and the small grain seeds. Entry forms and prize list will be ready for distribution shortly.

The fair will be under the immediate supervision of D. W. Thompson, Field

In view of the increasing importance of the seed industry to Central British Columbia, it is hoped that the farmers of that section will show their appreciation of the efforts which are being put forward on their behalf by patronizing the fair on this occasion. It is hoped that there will not only a good me attendance but that a large number of more energy and better colour, and high quality exhibits will be sent in to I have gained a lot." ## The sale of Beer by the glass Vindicated

THE Government Control of beer sales to the 9 people of British Columbia in licensed premises has been vindicated by the orderly manner in which these premises are conducted.

These quiet and comfortable establishments prove that the open and above-board sale of pure beer has in great measure ended the evils attending the illicit sale of strong drink. They have proved that the self respect and good behavior of the people of British Columbia are more to be depended on than the opinions of those who wish to prevent the people from having any beer at all.

You may find citizens enjoying a healthful and invigorating glass of beer in the quiet and ease that the well-to-do have in their clubs. Licensed premises in the colder winter months are more than ever the working man's club, where he finds the company and comfort that is his right.

The supervision and regulation of licensed premises by the Government is a guarantee that the excellent conditions under which beer is sold shall continue. Efficient Government Inspectors see not only that such licensed premises are operated in a strictly sanitary manner. They look for a high standard of conduct.

The purity and wholesomeness of all beers served-supplied by the Amalgamated Breweries of British Columbia-is guaranteed by the frequent and strict analyses to which they are subjected by the Government. In the present administration of Beer Parlors the interests of the public are completely protected.
