LACK OF INTEREST IN CIVIC AFFAIRS.

Labor plans on getting organized again for the forthcoming civic election. The local Trades & Labor Council has been about the only body active in municipal affairs during the past few years and the result of the council's efforts has been apparent each time.

Other organizations that might well interest themselves in city affairs have been idle during these past few years. In fact, there has been an attitude of indifference throughout the community.

PRINCE RUPERT WOULD LIKE TO HEAR EMMA GOLDMAN.

If suitable arrangements can be made, Emma Goldman, famous nihilist, will come to Prince Rupert to lecture on conditions in Russia as they impressed her on a recent visit to that country.

BENEFIT OF WESTERN OUTLET.

With a flock of grain vessels frozen in at Fort William and a hundred more boats ice-bound in the St. Mary's River, navigation on the great lakes is about over for the season.

On the grain lying in the elevators at the lake-head and at Montreal, that in boats tied up for the winter, and that stored in interior elevators and farmers' granaries waiting for spring, carrying charges will have to be paid for upwards of half a year.

Whoever does the paying immediately, all these items of expense are added together and deducted from the price the grower should otherwise get for his grain. As a matter of fact they have been computed in advance, and have correspondingly depressed the prices paid at prairie points during recent weeks.

The harbors at Vancouver and Prince Rupert do not freeze. They are open all winter, and the grain movement can proceed without interruption from natural causes.

A scarcity of ships at the Pacific ports has this year deprived the farmers of Alberta of the opportunity to forward their grain westward as rapidly as they desired. It was even necessary at one time to put an embargo on westward shipment.

The situation is thus reversed, to the advantage of the Alberta grower. The Manitoba and Saskatchewan growers have sold their grain in face of an impending blockade of traffic.

ANGLICANS AND FARMERS LEAD

BY RELIGIOUS DENOMINATION AND OCCUPATION THESE ARE MOST NUMEROUS IN NEW ONTARIO HOUSE OF ASSEMBLY

MANY LAWYERS

Sixteen of the Legal Profession, Two Clergymen and Many Merchants Among Those Elected

TORONTO, Dec. 13.—A survey of the successful candidates in the Ontario General Election of December 1 shows a new Legislature representative of many various interests, organizations and activities of the province.

In point of religious denomination, the new House will be outstanding on the score of the number of Anglicans, no fewer than 33 being elected to Queen's Park.

The religious classification would be incomplete without mentioning there will be two clergymen in the new Legislature, Rev. W. G. Martin, United Church, returned by the electors of Brantford, and Rev. A. C. Calder, Anglican, elected in West Kent.

FROM 23 TO 12

The youngest member of the 17th legislature will be Farquhar R. Oliver, U.F.O., elected in South Grey. Mr. Oliver, who is a nephew of Premier Oliver of British Columbia, is 23 years of age.

There are many other categories that arise in such an analysis. For instance of the full strength of the House, 72 members were born and educated in the province for the welfare of which they are now about to legislate.

On the score of education 27 of the members have the advantage of university training, most of them being graduates of Toronto University.

When the Grand Trunk Pacific, in 1920, became part of the Canadian National system George McNicholl was continued in his position as assistant general freight and passenger agent.

FORMER LOCAL MAN SUBJECT OF INTERESTING BIOGRAPHY IN WESTERN TRIBUNE

In the course of a series of biographies entitled "Builders of Western Progress" the Western Tribune, published in Vancouver by J. S. Cowper, carries the following about G. A. McNicholl, C.N.R. general passenger agent.

George McNicholl has never known but one employer in all his life. Born and educated in the public schools at Montreal he went as a youngster in 1899 into the office of the Grand Trunk Railway at Montreal.

Private secretaries to railway executives are safe bets for further promotion. They never become private secretaries without having exhibited qualities of diligence, courtesy and that elusive quality of service that stamps the man destined for bigger things.

MR. MacNAIR GIVES HIS EVIDENCE

FINDS "FRUIT-A-TIVES" BEST CORRECTIVE FOR CONSTIPATION

MR. S. MacNAIR.

Mr. S. MacNair of New Mills, N.B., is one of the thousands who owe much to "Fruit-a-tives". Full of gratitude he writes the simple truth as follows: "I can honestly say that 'Fruit-a-tives' are the best intestinal regulator I have ever used."

to the general manager he was selected to be chief clerk to the Third vice-president of the newly organized Grand Trunk Pacific. After that came further promotion to be private secretary to the vice-president and general manager of the road.

In 1910, when the Prince Rupert townsite was put on the market George McNicholl occupied the position of superintendent of construction and purchasing agent. After the road was completed and opened he was appointed commissioner of colonization and industries at the Pacific terminal of the G.T.P.

Mr. McNicholl has only one hobby and that is railroading. He enjoys his work. If you were to ask him for a recipe for success he would probably tell you to start young, pick out a good employer, and serve him to the limit of your loyalty and powers.

Her Little Boy Caught Cold While Out Playing

Mrs. F. Cade, Elmwood, Man., writes: "My little boy caught cold while out playing in the snow. He coughed incessantly all that night and the next day, and nothing I gave him seemed to relieve him. When my husband came home he brought a bottle of Dr. Wood's Norway Pine Syrup with him. After the second dose my boy was greatly relieved and after the third dose he went to sleep and slept the whole night through without any coughing."

NURSES ARE VERY SCARCE

SERVICE FUND IN MEMORY OF QUEEN ALEXANDRA WILL HELP TO COVER DEFICIENCY

LONDON, Dec. 3. — (By Canadian Press).—Considerable progress has now been made with the scheme for a national memorial to Queen Alexandra, the first anniversary of whose death fell on November 20 last.

The consideration of the character of the visible memorial has been deputized by the King to a special committee consisting of the Duke of Portland, Lord Crawford and Balcarres, Lord Howe, Lord Knutsford, Sir Harold Boulton, Sir Henry Streetfield, Sir Lionel Kralie, Lady Kenmore and Lady Haig.

Many parts of the country are lamentably short of efficient nurses and 3,000 additional appointments are required to provide a really adequate nursing service. It is the purpose of the memorial to Queen Alexandra to cover this deficiency.

The Duke of Portland, in a statement on the position of the fund, says it had been generously supported not only by all classes of the community in England, Wales, Scotland and Ireland, and in the Empire generally but also by the British residents in all parts of the world.

Sir Harold Boulton, the chairman of the Memorial Committee says Scotland has set an example by endeavoring to raise 7d. per head of the population and has already succeeded in obtaining half the amount.

"So you're spending the evening alone?" "Yes, my wife ran over to the neighbor's for a minute."
