ALASKANS WILL COME THROUGH PRINCE RUPERT

Bishop Crimont Will Lead Group to Eucharistic Congress at Chicago

BOURASSA TO SPEAK

MONTREAL, May 3. — The Alaskan delegation to the Eucharistic Congress at Chicago from June 20 to 24 will pass through Prince Rupert. The Catholics making the journey from Alaska under the leadership of Bishop Crimont of Juneau, will assemble at Skagway, Wrangell and Juneau and travel by the C.N.R. steamships to Prince Rupert where they will board special cars which will take them right through to Chicago.

His Excellency Monsignor Pietrodi Maria, apostolic delegate to Canada, will head the delegation from the Dominion, according to Rev. Father V. Primeau, chairman of the reception committee of the congress, who has been in Montreal conferring with H. H. Melanson, general passenger traffic manager of the Canadian National Railways, concerning the movement of the papal delegate from Ottawa to Chicago and of the very large delegations from all parts of Canada who will make the journey to Chicago in June.

Canada's position at the Eucharistic Congress will be very high according to Father Primeau, who also states that the contribution of the Dominion in delegates and other matters would be second only to that of the United States in proportion to it's population, Canada's representation will probably be the largest of any country in the world. Already the Canadian National Railways have arranged charters for 20 special trains.

Canadian Speakers

In the opinion of Father Primeau signal honor has been done Canada by the choice of two of the Dominion's delegates as speakers before the International meeting of the congress. Of these is His Grace Archbishop Gauthier of Montreal who will read the French Canadian delecation, and the other is Henri Bourassa, M.P., who has the added distinction of being the only layman from Canada invited to address the meeting.

MANY HYPNOTIZED BY FILMS THEY WATCHING

Medical Officer at Croydon Explains Effect on Movie Fan and Urges Fewer Foreign Pictures

LONDON, May 3. — Films hypnotize many spectators, and consequently British audiences should be given more pictures reflecting British sentiments, rather than the sentiments of other countries, so Dr. H. P. Newsholme, medical officer of Croyden, said in a recent speech on the effect of moving pictures.

"The darkness concentrated attention, and the stimulation of one scene by a bright light," he explained, "tend to produce hypnotic condition in the audience. Intense films may penetrate to the sub-conscious mind and potently affect the character of the observer. The great problem is to find some means of diminishing the intensity of the effect of objectionable films."

PEOPLE LEAVE FARMS IN UNITED STATES

Half a Million Fewer There in 1925 Than During Previous Year

WASHINGTON, D.C., May 3.—A decrease in the farm population of the United States of nearly half a million in 1925 is reported by the department of agriculture, which estimates the number of persons living on farms on January 1, 1926, to have been 30,655,000 compared with 31,134,000 January 1, 1925.

The estimated net movement away from farms last year amounted to 901,000 persons; but there was an estimated excess of farm births over farm deaths amounting to 422,000 which reduced the loss due to cityward movement to 479,000.

The estimated decrease in farm population in 1924 was 182,000.

The loss in 1925 was general in all sections of the country. The largest percentage decrease was in the mountain states where the loss is given at 3.9 per cent. The west south central states showed the lowest estimated figure 0.2 per cent. The average for the entire country was figured at 1.5 per cent.

Actual migration estimates, disregarding births and deaths show a net movement away from farms for the entire country of 2.9 per cent.

TOOK NINE YEARS LETTER TO REACH ITS DESTINATION

NEW YORK, May 3.—A letter sent from Germany in 1917 on the only German submarine mailboat has just reached New York, exactly nine years after the declaration of war against Germany by the United States.

A letter was sent from Pforzheim to a New York newspaperman.

An accompanying letter explained that the communication was on its way to the United States when this country's declaration of war became imminent. The submarine reached in time by the German government, was warned of its danger and ordered home to avert seizure upon reaching North American waters. The envelope bears a U-boat mail stamp with the date February 3, 1917, and a picture of the German submarine.

"Imaginary" Rheumatism Caused by Illfitting Shoes

MANY, many times physicians have diagnosed what appears to be rheumatism, as really being pains arising from the effects of Fallen Arches.

When the foot arches begin to break down, the pain is often ascribed to a sprain or rheumatism. Pain occurs along the inside of the foot, in the heel, also the calf of the leg, and is often located in the knee or hip joints.

This condition brings on general muscular weakness—the ligaments are strained, interfering with proper nourishment of the foot. The circulation becomes poor—attendant symptoms appear—numbness, cold, and at times, undue perspiration. To prevent and cure this condition the foot must be given support, combined with the utmost freedom of movement.

Arch Defender Shoes give support to the scaphoid bone where needed, while allowing full flexibility and freedom to the muscular structure of the foot.

If you value your health—join the thousands who have banished foot trouble. Get a pair today.
