## SPORT CHAT

The annual meeting of the Amateur Athletic Union of Canada will be held in the city of St. John, N.B., on December 9, 10, and 11, and undoubtedly one of the most vital questions to come up for discussion will be that of the definition of an amateur and the penalties for infractions of the amateur laws of that body. This contentious subject has been brought up at the annual meeting from year to year. At the sessions held in Toronto in September of last year a number of propositions were introduced dealing with this matter, but no definite action was taken, the following report of the Committee on Resolutions being adopted: "That the amateur rules having been very thoroughly discussed by the Resolutions Committee, it is felt that many changes are necessary to meet the changing conditions. It is therefore resolved that the whole matter be referred to the incoming Executive to study and bring in a report and recommendation to the next annual meeting."

As long as there is good sport there will be amateur sport and professional sport, and so long will there be divergence of opinion as to where the line should be drawn between them. In Canada, in general the east stands for a strict interpretation of the Canadian rules on amateurism, and the west stands for a liberal interpretation.

On the vexed question of reinstatements, the view is conceded that young players who have still some rights in equity, and that the youth who embarks on that path should, as in the case of any other path, be given the right of turning back. The view widely held in the west and in British Columbia, is that the status of professionalism should not bar a man from competition in sports other than the one in which he is giving his services for pay. It is hinted that drastic changes are likely in the rules on amateurism at the forthcoming Dominion gathering.

## BILLIARD LEAGUE

Only one of the games scheduled for last night in the Billiard League tournament between the Grotto and Gyros was played. J. Hamilton, Grotto, defeated A. Macdonald, Gyros, by 200 to 112. The remaining four games will be played tonight.

## SALE OF FURS AT EDMONTON SMALL

Prospects for More Active Season are Held Out: Wolf Skins Eagerly Sought

EDMONTON, Nov. 30.—Marking the opening of the 1926-27 fur trading season, the first winter sale turned out very successful in spite of the somewhat limited offerings which are to be expected at this time of year. A number of lines, notably wolf, mink, red fox and lynx, proved to be in good demand on the part of the trade and were readily picked up at strong prices compared with the last local quotations. Most of the offerings were from northern Alberta and the Peace River country and were of good quality considering the earliness of the season.

Prospects are held out for a more active season in the fur trade than was the case last year. Eastern markets are well sold out and good values are anticipated for the lines in demand with the trade, although the usual weakening of the market is to be expected in January and February when the eastern sales are held.

Beaver pelts at the sale quoted steady to firm on a light offering, and ermine showed a fair demand at values slightly lower, and badger moved under a good demand at $5 to $7. Offerings of fisher were light, best pale skins worth around $35. Red fox sold under an exceptionally strong demand, with choice skins around $25 and average lots at $16. Cross fox found only a fair inquiry, average lots bringing around $23, although one choice dark skin made the record price of $58.

Silver fox quoted about steady, with best pale skins around $65, and white fox is unchanged from last season, with best average lots worth $35. Lynx sold in strong demand, better class skins bringing form $23 to $27. Marten showed a slight improvement, with one choice lot of dark skins selling at $27 and average lots worth around $17.50. A light offering of mink brought $16 for best lots, and otter was slow at around $23, while skunk was neglected at $1.25.

Wolf was eagerly sought by the buyers present, best lots of No. 1's and 2's selling strong at $10 and $11 and inferior grades down to $3. Wolverine showed a decided improvement, with best lots up to $15. Inquiries are steadily being received, states Mr. Allish, from traders and trappers in the far north as to the prospects of the market at the time of the next sale on December 7, when it is expected that larger offerings of the early winter catch will find their way out to the Edmonton market.

## GAME PRESERVE RIDING MOUNTAINS

ELKS INCREASE FROM 400 to 10,000 IN FEW YEARS OF PROTECTION

WINNIPEG, Nov. 30.—In Manitoba 7,979 square miles have been set aside as a game preserve, making the province an extensive breeding ground for ducks and geese and the sanctuary of the elk. In the Riding Mountains the elk herd once sunk to the number of 400 but within the last eight years, has increased to 10,000 with a natural increase of more than 2,000 a year. The duck, goose and grouse inhabitants have remained fairly stationary by virtue of the age limit, which for the past five years has varied from 140,000 to 190,000. This restriction enables the sportsman to take his share of the natural increase while conserving the breeding stock.

The Sheriff Inkster preserve of 2,000 square miles, ranks as the largest breeding marsh on the continent, and whistling swans, once almost extinct, are returning in larger numbers every year under the protection of the Game Act.

## DAMAGE ACTION IS ABOUT TO COMMENCE

EDMONTON, Nov. 30.—The $30,000 damage action of Isobel B. Watt, widow of Thomas D. Watt, who fell over the basement banister of the Adams building at 1.15 a.m., June 1, directed against Adams Bros. will open before a jury in the Supreme Court on Monday with Chief Justice Simmons presiding. Sheriff Rae has summoned 26 jurymen to be in attendance at the opening of court, half of which number is from the area beyond the city.

The plaintiff alleges that her husband was in room 120 which he had leased jointly with Alfred Penn and although the janitor knew they were in the building after midnight, the hall was dark and the rail about the basement staircase was under a shadow of a sign. Neil D. Maclean, K.C., is counsel for the widow and H. H. Parlee, K.C., for the company.

## LONDON FINDS HUMOR IN CANADIAN PREMIER

(Edmonton Journal)

The London Outlook contrasts the Canadian and Australian premiers. Mr. Bruce, it finds, is a very serious man and it thinks that he would do well to cultivate Mr. King's pronounced sense of humor. But his fellow countrymen have never thought that humor was an outstanding quality of Mr. King's speeches, however much they may have admired him in other ways. He must have been having an especially happy experience in the Old Land to have impressed his audiences in this way. Possibly, when he returns to us and faces easier political conditions than have prevailed in recent years, the gift which the London weekly ascribes to him will be more apparent.

## HONEY PRODUCTION MANITOBA INCREASES

WINNIPEG, Nov. 30. — Manitoba's honey crop this year is thirty per cent larger than last year according to L. P. Floyd, provincial apiarist. During the year 250 beekeepers were added to the roster of the Manitoba Beekeepers' Association and the membership now exceeds 2,250. One apiary produced 30,000 pounds of honey.

The Industrial Development Board of Manitoba is co-operating with the association in the marketing of this year's product.

## HUNTING TROPHY RECORD IN SIZE

WINNIPEG, Nov. 30.—A hunting trophy which constitutes a record recently fell to the lot of Jack Brewster, veteran Rocky Mountain sportsman. It is the head of a Canadian grey sheep, with sixteen inch base and the curl of the horn measuring 46 1-2 inches. The horn at the head was 7 1-2 inches in circumference.

Mr. Brewster, along with four other hunters, bagged three moose, four caribou, three goats, four sheep and nine grizzlies.

Children's Colds

Are quickly, pleasantly relieved by Dr. Chase's Syrup of Linseed and Turpentine

If children's colds are got rid of promptly there will be less tendency to pneumonia and consumption in later life. It is the neglected, hanging-on cold that weakens the lungs and develops into serious trouble.

No treatment for coughs and colds was ever so popular with the children as Dr. Chase's Syrup of Linseed and Turpentine. It is so pleasant to the taste, so delightfully soothing and healing and affords relief so quickly that children soon turn to it instinctively when choked up with a cold or annoyed by coughing.

It is mother's favorite treatment for croup and bronchitis, for she knows it will bring relief when the midnight coughing spasms set in. It is wise to always have a bottle at hand for prompt use in emergency.
