First, sparkling, carbonated water -- next, the juice of luscious oranges-next, the delightful flavor of their peel. Added to this, zestful tang of the fruit acids from oranges, lemons and limesa pure food color, such as you use in your cakes and candies-pure cane sugar.

Indoors or outdoors, Orange-CRUSH is always refreshing, always healthful. If you like oranges you will like sparkling Orange-CRUSH. Have it on ice. Give your guests a treat when they drop in for a visit. Telephone your dealer today to send you a case. And remember -- you can only be sure of the genuine when you see the name Orange-CRUSH blown right into the Krinkly Bottle.

Don't Let Them Gyp Our Boys and Girls

CHILDREN love Orange-CRUSH. Why should your youngsters be deceived into accepting an imitation possibly harmful—certainly inferior? Yet every day an unscrupulous dealer may cajole little Mary or Jack into accepting a substitute because of an extra profit of a fraction of a cent a bottle.

The kiddies need not be disappointed. Tell them that Crange-CRUSH is found only in the Krinkly Bottle with the name Orange-CRUSH blown into the glass. Tell them to spend their nickels with the honest dealer-perhaps a few steps further up the street.

As a rule, dealers are honest. Only a few dealers here and there will substitute. The Orange-CRUSH signs identify the man who deserves your patronage. You see. Orange-CRUSH costs him more than he would have to pay for cheaper imitations, yet he knows that he can make more money with Orange-CRUSH than with any other drink in the world. People don't have to be urged to buy the CRUSHES.
