

Her Table Linen is Her Pride

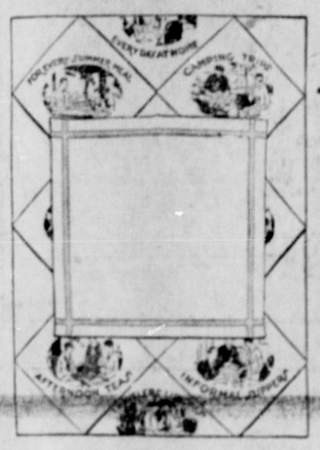

Its snowy whiteness must be preserved. Therefore every time she washes it she puts Reckitt's Blue in the rinsing water. It makes all the difference between having the linen just clean and having it really white and attractive.

Sensitive Skins and Lux-Laundered Lingerie

For over a score of years Lux has been on the market

The cleansing qualities, the economy and the safety of this inexpensive laundry necessity, has encouraged many imitations.

For your protection Lux is sold only in packages, never in bulk.

THE same care you give to hands and face is due the skin from head to toe.

Those intimate garments which touch, rub and sometimes chafe the skin should never be laundered with harsh soaps, or soaps of unknown quality. You can safely trust your lingerie to Lux.

Lux, the world's purest cleansing agent for fine fabrics, will keep your dainty wardrobe clean, bright, fresh looking, and protect your skin.

What soft water will not harm, Lux will not harm—even the skin itself.

Used according to directions printed on the package, Lux is the most economical cleansing agent you can use

The smaller the wardrobe of fine things, the greater the need for Lux. Lux lengthens the life of all fabrics.
