Like Claims He'll End Korean War

WASHINGTON — Governor Adlai E. Stevenson stamped the vote-rich east today in an apparent determination to puncture the prestige of Gen. Dwight D. Eisenhower who has pledged if elected to visit Korea in a personal effort to end the war. Eisenhower made his surprise announcement last night in Detroit. The Republican presidential nominee castigated President Truman's administration as having blundered into the Korean war despite repeated warnings by military and Republican leaders. Then he said he would head the administration resolved "to forego diversions of politics and to concentrate on the job of ending the Korean war—until that job is honorably done." That job required a personal trip to Korea, he said. "I shall make that trip." Stevenson's Wednesday statement—that of Eisenhower conducting a "sly and ugly campaign"—is expected to be the prominent theme in his speech-making barrage today.

Canadian Army in Korea Suffers Heavier Losses

11 Dead, 51 Hurt In Week's Battle

OTTAWA—The army Friday issued its 147th casualty list of the Korean war, reporting three men killed in action and eight wounded, one for the second time. The army has been issuing casualty lists almost daily in the last week, reflecting the heavy fighting Canadian troops are believed to be facing because of sharp Communist attacks. Since Oct. 16, the army has issued six lists, reporting 11 dead, 51 wounded and six missing.

Acheson Calls on UN to Make Peace Decision

Near Three-Hour Speech Condemns Russian Tactics

UNITED NATIONS — State Secretary Dean Acheson of the United States said Friday the United States must decide whether the Communists want justice in Korea and act on the decision. The U.S. delegate presented to the political committee a resolution co-sponsored by 20 countries including Britain, France and Canada, seeking Assembly approval particularly of the principle of forcing the return of prisoners of war—the only issue impeding cease-fire in Korea. The resolution would also have Assembly President L. B. Pearson, Canada's foreign minister, call on Chinese Communists and North Koreans to agree to a truce on the basis of the latest UN proposals. Acheson's speech of two hours and 42 minutes, the longest in his public career, was greeted by cheers from western delegates who termed it a "magnificent" exposition of the Korean problem. One Asian delegate said Foreign Minister Andrei Vishinsky of Russia, expected to speak when the political committee meets again Monday, will have to "put his best foot forward" to meet the logic of Acheson's condemnation of Russian organization of North Korean aggressors and obstruction of truce efforts.

Former Public Works Minister and Progressive Conservative member for Lillooet for 16 years died suddenly Tuesday at his Oak Bay home. Premier W. A. C. Police Head Retires After Short Term

Corporal W. W. McLeod, head of the city detachment RCMP for the past six weeks and member of the force for 21 years, today turned over his reins of office to Sergeant Ross Clayton. Cpl. McLeod is retiring on pension and leaves by air Monday to rejoin his wife in Vancouver. Sgt. Clayton, patrol sergeant at divisional headquarters here, will assume command of the city force until a permanent appointment is made. He came to the city only a few weeks ago from Cranbrook, where he was in charge of the RCMP for several years. Cpl. McLeod arrived here on Sept. 8 from Lethbridge to replace Corporal Ed Anderson, who was transferred to Kelowna. The retiring police officer said he does not know what he is going to do, but his first thought is to take a holiday.

Seven Canucks Cruise Globe With 72-Foot Sailing Ketch

OTTAWA — The 72-foot ketch "Memory" is carrying seven young Canadians and an Englishman on a dream adventure—a two-year cruise around the world. The stout sailing craft, purchased specially in England for the cruise, sailed out of the Atlantic from Hamble, on the south coast of England, last month for the first lap of the trip, a cruise of the Mediterranean via Portugal. In her lockers were provisions for 30 days. And aboard were Cameron Rougie and Bill Dewar and their brides; Eddie Hughes and Bruce Kirby, all of Ottawa; Kelly Brownson of Eldorado, Ont., and Ralph Menhinick of Hamble. Menhinick, a sailor with deep-sea experience, joined the Canadians in England and was elected skipper of the ship. Kirby, a reporter on leave from the Ottawa Journal, has written a series of articles, describing Memory and the work that went into outfitting her. He told of the first trial cruise, an overnight jaunt to the coast of France, of the special gear and sails which were fitted and of the weddings of Rougie and Dewar. The weddings took place the day after the girls, Claire Parent and Marianne Wilson, arrived from Canada. After honeymooning trips to Paris they returned to Hamble where Memory was being outfitted. From then on, wrote Kirby, there was a definite feminine touch about the boat. "A new curtain appeared in the shower; wash basins turned from black to white. Clean towels made an appearance and bars of soap cropped up. When we sat down to a meal we were confronted by knives and forks." Within two weeks of this memorandum face-lifting and a lot of hard work by the men, Memory was ready for a trial sail. They took her out into the Solent under auxiliary power then hoisted sail. They found the ship stout and with a good turn of speed and were so pleased they sailed all night to the French coast and back. Kirby wrote of the safety precautions taken, the special fire-fighting equipment, life-rafts, hand-lines and other gear that might save lives in case of emergency. One of the last tasks before leaving England was the provisioning. This was planned by Cam Rougie, who is also the ship's navigator. The provisions included 112 pounds of sea biscuits, 36 pounds of butter, 100 pounds of salted fresh meat, 50 pounds of coffee, 100 pounds of potatoes, 112 pounds of flour, dried fruit, milk powder, canned vegetables and meat and many other items. It would be enough to last 30 days though the cruise to Portugal was expected to take only eight to 12 days. The Memory put out to sea Sept. 11, and after clearing the Scilly Isles, the crew fitted a pair of specially-designed spinners specially purchased to take advantage of the trade winds which blow steadily from east to west across the Atlantic and Pacific in southern latitudes.

New Typhoon Nears Manila As Toll Mounts

MANILA (CP)—A new typhoon bore down on the Philippines today even before officials had finished counting the toll from the worst tropical storm in 50 years. The count from the typhoon trix which hit southern Luzon Island Tuesday and Wednesday reached 444 dead, 460 missing and 27 injured. A Philippines Red Cross spokesman said the death toll might climb to 600 or more as late reports trickled in from isolated areas. The new typhoon is moving in at a faster clip than the typhoon trix and along the same path.

Mild Weather Builds up B.C. Coal Stocks

VANCOUVER — Mild October weather has resulted in a large surplus of coal on Vancouver Island. The Vancouver office of Canadian Collieries Ltd., the largest producers of domestic coal in B.C., says it has a 25,000-ton stockpile at Union Bay and Nanaimo. "We always have a stockpile at this time of the year but this is the biggest one yet," said E. O. T. Simpson, general manager. "If our miners were working full time now we would have a tremendous stockpile." He said the firm's 600 miners are working a three-day week. They work a three-day week during the summer, but normally by September they return to a five-day week. September domestic purchases of coal were good but many bins now are full and mild weather is continuing.

The rate for journeymen will be \$1.92½ an hour. The companies—Burrard Drydock and Pacific Drydock—agreed to pay half of the medical services cost for workers. The unions, three Canadian Congress of Labor and seven American Federation of Labor, had voted to strike. The shipyards have been working on naval and commercial contracts.

We Will Kill... Like You Are Murdering Us'

Writer Gets Death Notice From Anti-White Society

RONALD BATCHELOR (ROBI, Kenya, Reuters)—A letter in my mail informed me that I will be killed for my part in the Mau Mau fight against the anti-white Mau Mau terrorist organization. The letter, enclosed in a plain envelope, was addressed to the "murdering whites," whom I am apparently hated by the senders. Other residents of this British colony received the same circular. Headed "Africa Speaks," the letter was posted in Nairobi yesterday. It goes: "You must feel very happy at the outward success of your cruel operation 'Jack Ascot' (a reference to the anti-terrorist campaign known as operation Jock Scott Pickup). "You arrested our leader, Jomo Kenyatta, and a lot of other people. Thousands of Africans leading a normal life have been stopped, searched, beaten, humiliated and arrested. "Creating the emergency you have brutally treated us and now you cannot claim democracy and freedom. "Fascism has come to Kenya. DESTROYED PRESS "We have been robbed of all freedom, you have destroyed our press by arresting our editors and suppressing our newspaper. But you cannot suppress the voice of the people. "The brutality and suppression, the show of force and the rule of gun, will not stop us from our goal. "You cannot end our political wish by arresting our leaders. "We have now more men with brains and will continue to fight you and achieve our freedom. "This is the voice of new Africa. "We have been forced to go underground. If we are known you will murder us. We are not afraid. "We ask how many of us you will imprison, how many of us you will kill. "We are 6,000,000 and power is in our numbers. We shall retaliate in the method you have employed. We shall not forget the bad treatment we are suffering. "When our time comes we shall not show mercy because you don't know what mercy is. "We will kill like you are murdering us today. "This is no threat. It is how we are feeling today. "Africans, Unite."
