

GYROS AGAIN DEFEAT SONS

Good Game of Baseball to 5-3 Score Last Evening

In a good game of baseball last night the Gyros defeated the Native Sons of Canada by a 5-3 score. The doubtful weather rather interfered with the attendance but the crowd on hand were treated to a good brand of ball and got their money's worth.

A feature of the game was a steal from third base to home by Harry Menzies for the Sons. The Gyros did some good hitting making several two base hits and Haveland made a long drive over centre field for three bases. In the sixth innings there was a double play from Haveland to Mitchell on second and from Mitchell to Frizzell on first. The Native Sons evidently missed Balfour's hitting. Balfour was unable to play and W. Mitchell took his place. Mitchell caught a good game considering the slight amount of practice.

Batteries—Gyros, McKeown and Schenkler. Native Sons, W. Mitchell and Lambie.

P. LaPorte umpired the balls and strikes and Gordon the bases. The teams took the field as follows:

Gyros—McKeown, c; Schenkler, p; Frizzell, 1b; G. Mitchell, 2b; Morand, ss; Haveland, 3b; Geo. Hill, lf; Skinner, cf; Tulloch, rf. Native Sons—W. Mitchell, c; Lambie, p; V. Menzies, 1b; L. Astoria, 2b; Farquhar, ss; H. Menzies, 3b; Dido Gurvich, lf; J. Hatchford, cf; J. McNulty, rf.

Standing of teams to date:

DEMPSEY AND TUNNEY HAPPY

Both Satisfied to Fight in Chicago—Bout May Yield Millions

CHICAGO, July 28.—Forty years between neaveyweight championship fights is a long time, but probably there are still a few old timers here who saw John L. Sullivan wallop Jack Burke for a win here in 1886 who also will be on hand to see Jack Dempsey and Gene Tunney climb through the ropes some time in September.

The long awaited announcement that Chicago had been chosen for the 1926 version of the championship go, with this date either Sept. 11 or Sept. 18, has just come through from Promoter Tex Rickard and everybody seems to be happy.

"Entirely satisfactory to me," was Dempsey's comment at Colorado Springs.

"That's just great," Tunney echoed in New York.

It will be ten rounds to a referee's decision, the principals will divide fifty-five per cent of the gate which Rickard expects to amount to near \$2,000,000 and \$100,000 will go to a charity fund.

BRINGING UP FATHER

ALASKA EXPORT IS INCREASING

Value of Products Sent from Territory to States 182,325 Higher Than June 1925.

KETCHIKAN, July 28.—The Alaska commodities shipped to the states last month totalled \$2,193,136, according to the monthly statement issued by J. C. McBride, collector of customs. The total was \$182,325 larger than the value of shipments for June last year.

Total halibut shipments aggregated \$158,535 and salmon \$70,242. Canned salmon shipments totalled \$251,430.

The highest value of the month was attained by copper ore, being \$1,200,213, compared with \$825,951 for the same period a year ago.

QUEEN OF ROMANIA DRIVES LOCOMOTIVE

Surprises Subjects With Display of Skill by Driving 50 Miles an Hour

RESITA, Rumania, July 28.—The versatile Queen Marie of Rumania has surprised her subjects with a display of mechanical skill by driving a locomotive at 50 miles an hour. The engine, the first ever built in Rumania was the product of the great metallurgical works at Resita in the Banat region, formerly belonging to the Austrians.

Queen Marie christened the locomotive, then, garbed in a blue

duster, leather gloves and high boots, she climbed into the cab and seized the throttle. Her Majesty drove the huge machine about three miles with the chief engineer of the Resita plant at her side. The King and the Prime Minister, General Averescu, also were in the cab. Thousands of peasants flocked to the railroad tracks to watch the royal steam engine whiz by.

Afterward the Queen declared that "driving a locomotive is far more exciting and harder work than merely steering an automobile."

JAIL IS PREFERRED TO PAYING UP FINES

Many Liquor Act Offenders in Alberta Were Unable to Secure Necessary Cash

EDMONTON, July 28.—Only something like 20 per cent of the fines imposed in the local police court during the month of June, for infractions of the liquor law, were paid, the majority of the offenders preferring in to jail, according to the police report for the month of June, forwarded to Mayor Blatchford by Chief of Police Shute.

Arrests made during this month numbered 72, identical with those for the previous month. There were 112 summons issued during the month, as compared with 75 for the month of May, and Chief Shute ascribes this to a more vigorous enforcement of the city bylaws. 192 complaints were turned over to the detective department for investigation. This was 19 less than the previous month.

Property reported as being lost or stolen amounted to \$5,844, of which the police recovered \$1,944. The city coffers benefited to the extent of \$521 in fines, which is \$400 less than the previous month, while total fines imposed for infringements of the liquor act amounted to \$1,510.

WOMAN IS EXPERT MOTOR MECHANIC

TORONTO, July 28.—(Canadian Press).—"Neat and efficient work as a motor mechanic" was the verdict of an observer who watched Miss Isabel Cockshutt handle unaided amid the noontday traffic of the city street, a refractory car. With hood raised, a piece of waste in one hand and a spanner in the other, she delved into the intricacies of the motor, an adjustment here and another there, and soon the six cylinders again purred their smooth rhythm off Jarvis, over the Rosedale bridges into the grounds of the Lieutenant-Governor's residence.

ENGLISHMAN'S STRENGTH ALMOST SUPERHUMAN

WATFORD, Eng., July 28.—J. C. Price of Gloucester is known as "the strong man of the west." He bends a four-inch horseshoe nail double with his hands, and holding a bar of horseshoe steel in his teeth he bends the bar into a loop. Recently he lifted 430 pounds of iron from the ground to his knee.

Price has been a blacksmith for 30 years. He is 43 years old. His height is 5 feet 10 inches and he weighs 224 pounds. He has a chest measurement of 50 inches.

The Berlin policeman is provided with an india rubber club. This should be handy when, in taking notes, he spells a word wrongly.—London Opinion.
