Many ways to get dirty one SAFE way to get Clean

It seems to be a privilege of childhood to get gloriously dirty. Hands, face and knees—every exposed part of the body is always coming into contact with germ-laden objects.

Lifebuoy is the great purifying and protecting soap. It is more than a cleansing soap, because its lather has antiseptic properties that purify and protect against infections.

The regular use of Lifebuoy for casual cleansing, bathing and shampooing is a pleasurable and protective habit in millions of homes.

The cleanly health odour soon vanishes—the protection remains.
