Through a low cost Mutual Life Retirement policy.

While you are working it safeguards the future of your dependents, then, usually at 60 or 65, it pays a regular monthly income for the rest of your life. Only life insurance enables you to save for the days when you stop earning and at the same time provide an estate for your loved ones should anything happen to you. You should discuss this plan for security with a Mutual Life of Canada representative.

P.V. HARDBOARD NOW WEATHERPROOF
For indoor or outdoor use

After successfully withstanding exposure tests extending over many years, P.V. Hardboard is now recommended for exterior as well as interior use, and re-named P.V. Weatherproof Hardboard. To the outdoor field it brings all the qualities for which it is noted—remarkable strength and rigidity, through-panel toughness, smooth-as-glass painting surface—at a cost substantially below other siding materials. You save, too, in labour costs because the large 4'x8' panels speed the job. You can use P.V. Weatherproof Hardboard as an attractive drop siding for homes, as sidewalls for garages, warehouses, farm buildings, or for outdoor signs. See your lumber dealer today.
