NON-PARTISAN LEAGUE SCHEME

People of North Dakota are Returning to Sanity Says Paper

A few years ago, when the people of North Dakota were led to believe that they had been started on the high road to heaven by the Non-partizan League, there were agitators at work in Western Canada who endeavored to get the people of the Western provinces to follow the example of their American neighbors says the Financial Post. Very fortunately indeed for Canada the hard-headed leaders of the farmers' organizations in this country were not misled by alluring propaganda and the plans of the radicals never found general endorsation.

To-day North Dakota is recovering from a period of near-disaster. The "New Day" planned by the Non-partizan League, proved nothing but an illusion The people of North Dakota are now looking for a "New Day" in which there will be prosperity, with the co-operation of that Big Business which was so much despised during the period in which socialistic ideas held sway.

Paternal Illusion

While in Canada, fortunately, the example of North Dakota was not followed, radical ideas of finance and business secured a certain hold in parts of the country and had their influence on legislation. Nor have these influences entirely departed. There is still an illusion that paternalism in the form of government loans will provide a short cut to prosperity. For this reason it may be timely to review what has accurred in North Dakota. Conditions in that state are thoroughly analyzed by William S. Neal in the following article in the Nation's Business.

Any man, who in 1919 had told the sturdy hard-working farmer of North Dakota that their "New Day", program was an illusion, that the farmers themselves would in six years welcome back "Big Business" would have been laughed out of the state or locked up as a dangerous lunatic.

Foreign Program

The Nonpartisan League which fostered and promised this "New Day" was a farmer-laborer coalition. A program foreign to the time honored conception of the function of government and business was announced.

The term "New Day" pleased its originators. It expressed their thought and purpose. The state would slay the dragon, "Big Business." The state would itself become "Big Business," with banks, flour mills, packing plants and what not. The sky was the limit.

Nearly a decade has passed since the Non-partisan League came into power. North Dakota is again looking forward to a "New Day" in which co-operation and good will are substituted for boycott and hatred, and sanity will prevail in government deliberation.

VANCOUVER REAL ESTATE ACTIVE

Not Since Boom of 1910 Has There Been Such Marked Activity in Southern B.C.

VANCOUVER, March 23.—Not since the so-called boom days of 1910-12 has there been such marked activity in realty circles as has been shown during the last couple of weeks throughout Greater Vancouver generally, according to leading realty operators, who in some cases have had to increase their staffs in order to cope with the numerous transfers and sales being made. Proof of this increased activity is found in the fact that there were no fewer than 85 conveyances and 22 agreements of sale registered at the provincial court house on Wednesday, which constitutes a record for any one day so far. Every business day for weeks past has seen a big list of transfers put through. While no particularly high individual deals have gone through lately, daily the aggregate of sales has been high, according to the registry office returns, those for last Wednesday running close to $300,000. This realty activity, especially in connection with the transfer of so much suburban property, evidently intended for homesites, is believed to presage a vast amount of building acivity in the near future.

Continued sales are being made by the Canadian Pacific Railway Company of sites in the new or third Shaughnessy Heights section of Point Grey. One of the blocks has been resubdivided, making about 190 to be disposed of altogether, and of these close to 90 have been sold. The company has realized approximately $250,000 on the lots already sold, and it is expected that this sum will be considerably augmented by sales in the near future. Many new owners of the property in the district are planning to build homes immediately.

AMERICANS FOR THIS COUNTRY

More Will Come This Year Says W. D. Robb, Vice-president of the Canadian National

WINNIPEG, March 23.—Prospects for an increase over the success even of last year in the sale of Canadian farm lands to United States farmers is predicted by W. D. Robb, vice-president in charge of colonization and other departments of the Canadian National Railways, who spent the day in the city en route from Montreal.

Mr. Robb is accompanied by Dr. W. J. Black, director of colonization, agriculture and natural resources for the system and they have just been visiting the Chicago and St. Paul land agencies of the Canadian National Railways.

In commenting on this movement from across the line, Mr. Robb stated that farmers from the United States make excellent settlers for western Canada, inasmuch as they are so thoroughly familiar with farming conditions in the west.

During their brief stay in Winnipeg, Mr. Robb and Dr. Black were attending a meeting of the Canadian National Land Settlement Association of which Mr. Robb is president, as well as going over matters in connection with the disposal of lands owned by the C.N.R.

They left last night for Edmonton, where they will address the Northern Alberta Land Settlement Association, which holds its annual meeting on Wednesday. From Edmonton, Mr. Robb and Dr. Black are going on to Vancouver and Victoria on business pertaining to their different departments, which include telegraph and radio.

Dyspepsia Caused Her Agony After Every Meal

SOVIET GOVERNMENT AND SCIENTIFIC WORK

LENINGRAD, March 23.— The government announces that the geological committee of the Supreme Economic Council formed during 1925 no less than 215 scientific expeditions. The main achievements are given as follows:

Discovery of rich lead beds in the Transbaikal region; exploration and discovery of gold fields in the Aldan region of Siberia, and finding of important stratas of coal on Sakhalin Island. The expeditions will continue their researches and explorations during 1926, the government having allotted $1,500,000 for this purpose.

MARRIAGE SHORT LIVED RUSSIA UNDER SOVIET

LENINGRAD, March 23.—The government has published statistics which show that the average duration of marriages in Leningrad is only four years, there being 237 divorces each year for every 1,000 marriages. This condition is explained by the ease and small expense with which divorces can be obtained under the new Soviet civil code. The only requirement is that the desire of either party that the marriage contract be annulled, be expressed. A divorce costs only $2.00

BURNS LAKE

M. F. Nourse has been re-elected president of the Lakes District School Fall Fair Association. Other members of the executive will be Mrs. M. L. Prentis, vice president; D. Cochrane, secretary; Rev. J. H. Ashford, treasurer, and Mrs. T. G. Martin, Mrs. P. Carr, Miss Mary McRae, Rev. J. H. Kerr and S. Godwin.

The sum of $160 was realized at the Burns Lake Community Hall cabaret dance last Wednesday evening. Among those contributing to the program were Miss Sylvia Brunell, Miss Viola Kerr, Mrs. L. McPhail, Mrs. J Yool, Miss C. Aslin, Gordon B. Robb, Miss Celina Aslin, J. Brown, S. Godwin, B. Kerr, T. G. Martin, R. Prosser, Miss Margaret Palmer, Miss Olive Nourse.

Members of the Royal Canadian Mounted and provincial police forces held a convention in Burns Lake last week. Among those attending were Corp. Bryce of Telkwa, Chief Service of Smithers, Constable A. Fairbairn of Telkwa and Constable P. Carr of Burns Lake.

Bruce Kerr has disposed of his interest in the firm of Ruddy, Kerr, Anderson Ltd. and will start a business of his own in Burns Lake.

James Preston Bland, four weeks old son of Mr. and Mrs. J. P. Bland, died last week.

Ed. Sattler, who spent a few weeks here last year, will arrive here in the near future from Wyoming with a party of settlers. They will take up land in this district.

PRINCE GEORGE

After having had the matter in dispute for several weeks, the city council has decided to restore street lighting in Central and South Fort George in consideration of the residents guaranteeing to purchase a certain amount of light. Telephone improvements and extensions are to be made in the city and H. A. Carney, representative of the company, has promised to place a definite undertaking before the council within thirty days' time.

James McDonald, a recent arrival in the city from McBride, was last week sentenced by Judge Robertson to three years in penitentiary for the theft of $50 from the person of Sid Woosey in the rear of the Royal Hotel. David Martin and Thomas Moran, companions of McDonald, are facing charges of receiving stolen money.

Though it has not yet been definitely set by the council, it is expected that the Prince George tax rate for 1926 will be 55 mills.

Monthly luncheons are to be held by the Prince George Board of Trade and the first will be on Friday noon of this week when the speaker will be Douglas Lay of Hazelton, resident engineer for the northwestern mineral survey district.

J. O. Wilson has been elected secretary of the Prince George Board of Trade to succeed Geo. W. Fenwick, who resigned recently after six years' service.

A largely attended St. Patrick's concert and dance was held on Wednesday evening in Rits-Kifer Hall. The speaker of the evening was H. G. Perry, M.L.A.

VANDERHOOF

The provincial government has started work on the building of a road from Fort St. James to Manson Creek to provide a way for mining men and companies to take in machinery into the Omineca mining fields.

Stuart Lake is still frozen over and it is expected it will remain so for two or three weeks longer.

The Nechako Farmers' Institute has decided not to import seed grain this year but to purchase it locally.

The forestry department is to build a launch during the coming summer to ply on Stuart Lake. J. H. Blake of Victoria, engineer for the department, will be here next month to supervise construction.

A presentation was made last week by the Women's Auxiliary to Mrs. Lewis Rawson who has left for Dewey where she will is future reside

Several weeks earlier than usual, angling is now being enjoyed in Nechako River and some fine trout are being caught.

Mr. and Mrs. E. A. Mitchell entertained at a card party on Wednesday night, the prize winners being Mrs. Warren Johnson and W. J. Rimes at bridge and Mrs. James W. Campbell and J N. Dezell at whist.

Mrs. Louisa Day has purchased the Vanderhoof Hotel from R. C. McCorkell. The building, which was erected in 1914 by John L. Ruttan, was moved from the far side of the railway track last year by Mr. McCorkell.

Under the direction of Mrs. R. T. McFarlane, the Canadian Girls in Training will put on an entertainment on Friday evening of this week.

St. Patrick's Day was celebrated here with a dance in the Community Hall at which some thirty or forty couples were present.

Farmers of the district are starting ploughing this week. The work is commencing much earlier than usual. On the Johnston farm, close to the Nechako River, grass seed was sown more than a week ago.

Mrs. Porter left for Minneapolis on Sunday. She expects to remain in the United States for about six months, visiting with relatives and friends.

WATER NOTICE.

USE AND STORAGE

TAKE NOTICE that Los Angeles Lumber Products Company, whose address is c/o. Messrs. Ladner & Cantelon, Rogers Bldg., Vancouver, B.C., also Box "C" San Pedro, California, U.S.A., will apply for a licence to take and use 500 cubic feet per second, and to store 75 thousand acre feet of water out of Ain River, which flows southerly and drains into Masset Inlet, about one half mile easterly from Buckley Bay. The storage-dam will be located at the outlet of Ain Lake or at a point below the said outlet to be determined after surveys are made. The capacity of the reservoir to be created is about 75 thousand acre feet and it will flood about 3,860 acres of land. The water will be diverted from the stream at a point about the location of the storage-dam, namely the outlet of Ain Lake, and will be used for Power and Industrial purposes upon the land described as Lot 1434, Queen Charlotte Islands District. This notice was posted on the ground on the 19th day of February, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B.C. The date of the first publication of this notice is February 23, 1926.
