ESPERANZA TO BE DEVELOPED

ALICE ARM SYNDICATE ABOUT TO INCORPORATE BEFORE PROCEEDING WITH EXTENSIVE DEVELOPMENT WORK

Angus McDonald, representing the owners of the Esperanza mine at Alice Arm, is in town raising additional capital. The Esperanza property, being only one mile from Alice Arm has passed out of the prospect stage long ago and is now a proven mine, \$41,000 worth of ore being the smelter returns for the last three and a half years. It is proposed to incorporate the company in the immediate future and this is an opportunity for investors to get in on the ground floor of what promises to be a most successful project. The present owners are all Anxoy men, most of whom are well known in Prince Rupert.

Anyone who knows the Esperanza, its history in the past and its prospects for the future, is practically assured of a good return from any investment made at this time. Adv.

PLEA FOR GOOD TREATMENT

Editor, Daily News:

There will be coming to Prince Rupert this season, between forty and sixty ships to load grain, also understand from good authority that the first boat will be calling between the 15th and 20th of this month.

It is very important indeed that a good name be established for Prince Rupert, so that the masters of these ships, upon returning home, will report to their owners that Prince Rupert is O.K. in every respect, that the business people are treating them right and the service is satisfactory.

Therefore, it is to the interest of the business people of Prince Rupert to do their best to give quick despatch to these ships, also the most reasonable prices possible on supplies, in order to compete with other grain ports already established.

On the other hand if the prices and despatch are not satisfactory, naturally the masters will report that it is too costly to go to Prince Rupert and consequently it will hurt the port of Prince Rupert.

I hope sincerely that the business people of Prince Rupert, also the citizens will do their best so that the stay of the officers and men of these ships will be pleasant and satisfactory from a business standpoint, and thus will the good name of Prince Rupert be established.
