SMITHERS MAN LOST HIS LEG

Amputation was Necessary on Advice of Dr. Bantin, Discoverer of Insulin

SMITHERS, June 10.—Friends of Jack Aldrich, a prospector and old-timer of the district will be sorry to hear that he has to undergo an operation necessitating the removal of his left leg, at a point between the knee and the hip.

Jack has been a sufferer from diabetes for some time and was making satisfactory progress under the insulin treatment, when an infection started in his foot which has confined him to the hospital for several months.

Dr. C. H. Hankinson advocated amputation but this did not meet the views of the sufferer, so when it was learned that Dr. Banting of Toronto, the discoverer of insulin was coming west, the doctor and Jack's friends made arrangements for Dr. Banting to visit the hospital during the train's stop at Smithers.

Dr. Banting went through on Monday morning and when learning the facts of the case and seeing the patient advised that an operation should be performed without further delay. The operation took place Tuesday afternoon and Mr. Aldrich appears to be making a satisfactory recovery.

TELKWA

Mr. and Mrs. R. S. Sargent and family of Hazelton were visitors in Telkwa on Sunday morning on their way to the coast by road.

The forestry car which was in Telkwa on Sunday evening was crowded to capacity. Short lectures were given and pictures were shown by those in charge

The weather prophet does not intend that this be a dry year. Almost daily showers have been experienced for the last couple of weeks, and on Monday night a very heavy shower lasted for several hours.

Constable Greenfield has joined the force of the R.C.M.P. in Telkwa, taking the place of Constable T. Scrogg who has been transferred to Prince Rupert.

Work is being continued on the mine road and a number of men under the supervision of A. Robinson are there.

The first baseball game of the season took place in Telkwa between Telkwa and Smithers last Wednesday. For a starter it was a good game and the final score was 7-6 in favor of the visitors. The next game is billed for Wednesday night in Smithers.

In spite of rain, the main road is very good and motorists are making a great deal of use of it.

A number of Native Sons of Canada of the Telkwa Assembly expected to go to Burns Lake to visit the Assembly there on Saturday, June 12.

One of the best dances ever held at Round Lake took place on June 3. The hall, appropriately decorated in red, white and blue together with masses of flowers was crowded to capacity and the dancers kept going until nearly 3 a.m. The music by Bill Bossons, piano, P. Sparks, violin and Bill Dockrill, drums, was very good and was augmented by the capable assistance of Ronald Prosser of Francois Lake, who played the saxophone. Refreshments were served and ice cream and lemonade were sold during the evening.

Miss Marjorie Jacquot of Evelyn spent the week end as the guest of Mrs. Ray Wakefield.

GREAT INTEREST IN SESSION OF ASSIZES

Courtroom Crowded and Members of Petit Jury Had to Stand up Several Hours Yesterday

Great interest is being taken in the proceedings at the present session of the Supreme Court Assizes with the result that the seating accommodation in the public section of the courtroom has been taxed to capacity. Yesterday afternoon, Mr. Justice W. A. MacDonald called attention of the sheriff to the fact that the petit jury had been required to stand up several hours during the morning, there being no seats available for them in the crowded quarters. His Lordship stated that the jurors would probably have to bear with standing a little longer, however, as he was loath to have to ask the many spectators of the fair sex who were in attendance to stand up in order to give them seats. As the trials proceeded, however, the jurors would be relieved and allowed to go from time to time if they were not acting on panels.
