## THE MAN IN THE MOON

A man cannot love a woman unless he respects her, but look at the kind of men the women love.

Once upon a time there was a man who was always talking in public and he was never sore with the newspapers for misreporting him. It was a fairy tale.

Jake says it's hard to make lawns in Prince Rupert. There is not enough rain.

A heroine is a woman who has had a serious operation which almost killed her. The fact that the operation was the result of a mis-spent life does not affect the question.

There once was a man—  
Name him if you can—  
Who went out fishing;  
(Now I know you are wishing).  
But he never caught a fish  
Which I know is what you wish.

What we are all thinking about is the prospect for fine weather tomorrow and Monday.

It was a blessing that war didn't break out over the holiday week-end with all our soldier boys absent at Terrace.

A MAN is a true optimist who can sing about it ain't a goin' to rain no more with the raindrops trickling down his back collar stud.

THE definition of a real gentleman is a man who does not have to wind an alarm clock at night.

A FISHING party is rightly termed a band of hope.

IT was a henpecked husband who greased his hair so that the missiles aimed by his wife would glance from the dome of his head.

TO the youngster on his first bicycle all the world travels on wheels.

APRIL showers in May, March winds in April, summer winds in February, hot weather in January—it sure is a funny world.

IF you must knock, get a job as a mail carrier. Knocking at doors does not destroy the human outlook on life.

GIVING the news when the telegraph wires are down is about as hopeless a job as employing the harbor with a teaspoon.

EDDIE Mann stated in his speech at the graduation exercises on Friday night that he had not had an uninterrupted conversation during twelve years

of married life. After listening to that brilliant speech of Eddie's all I can say is that his wife must be a whirl-wind orator.

SOME genius has suggested that everybody take a holiday when the sun shines. He is evidently making money fast and is keen on abolishing all holidays.

IT'S an old saying laugh and grow fat—but look at the hyena

A GOOD way to make money is to get a job at the government mint.

WE like to see, with martial tread,  
The boys go down the street.  
It's plain that from their harmony  
They'd sooner play than eat.

THEY'd sooner play than eat.

## CAPITAL CASE JURY HARD TO ORGANIZE

RALEIGH, N.C., May 25.—Increasing opposition to capital punishment was clearly reflected here when 11 of 25 prospective jurors had to be rejected because they stated in open court they were opposed to the electric chair. This incident is expected to give impetus to an already well defined and growing movement to ask the 1927 legislature to abolish capital punishment in this state.

Mrs. Duckers and Miss Duckers of New York came north on the Gardena this week to Port Simpson where they will visit with their daughter and sister, Mrs. William Sager.

## "Imaginary" Rheumatism Caused by Illfitting Shoes

MANY, many times physicians have diagnosed what appears to be rheumatism, as really being pains arising from the effects of Fallen Arches.

When the foot arches begin to break down, the pain is often ascribed to a sprain or rheumatism. Pain occurs along the inside of the foot, in the heel, also the calf of the leg, and is often located in the knee or hip joints.

This condition brings on general muscular weakness—the ligaments are strained, interfering with proper nourishment of the foot. The circulation becomes poor—attendant symptoms appear—numbness, cold, and at times, undue perspiration. To prevent and cure this condition the foot must be given support, combined with the utmost freedom of movement.

Arch Defender Shoes give support to the scaphoid bone where needed, while allowing full flexibility and freedom to the muscular structure of the foot.

If you value your health—join the thousands who have banished foot trouble. Get a pair today.
