

"Unless someone tells her about her eyes—
she'll need an extension on her arm"

The woman is far-sighted, but doesn't know it. How ridiculous she makes herself look, in her attempt to read the menu! Too many women, and men too, go through this same futile performance. Be sure that your own sight is normal.

Have your eyes examined!

Wellsworth Tillyer Lenses are the best known to optical science.

SPEAKERS AT ROTARY CLUB

J. C. BRADY, OLOF HANSON AND ARCHDEACON RIX ALL HAVE SOMETHING TO SAY

Yesterday at the weekly luncheon of the Rotary Club there where three speakers. Olof Hanson, who recently returned from the East, spoke in glowing terms of the prospects here and how people in the east were watching for expected developments. They knew more about the Topley gold strike than the people here. He looked for great improvements due to development of the grain shipping, mining and the lumber trade.

Archdeacon Rix told of how he had enlightened the people down east about this part of the country and its prospects. He would not like to live in the east except he found it to be sternest duty. He did not know any place he would choose in preference to Prince Rupert.

SOCIAL PROBLEMS

J. C. Brady, member elect for this constituency, spoke on social problems. In the solving of these problems bias was one of the most glaring sins. Narrow prejudice was an obstacle in the way of progress.

Theories were all abundant but people did not think deeply, did not themselves study the problems and could see only part of life. He also found that the influence of antecedents and environment kept people from a clearer vision.

Mr. Brady mentioned the viewpoint of Wells who created a feeling of pessimism. He did not go into the factors that made for a solution of the problems. He defined a social problem as the failure of civilization to perform its function adequately. Among the social problems were immigration, divorce, labor, crime, drink, sale and use of narcotics, and smuggling. These would not be solved until people as a whole began to think. New problems would arise as civilization advanced. No social problems were simple. Most reformers rode only a single hobby horse.

FAILURE OF SOCIALISM

Problems arose through the failure of civilization to distribute equitably the world goods. Socialism failed to deal with this effectively because it looked only at the economic side. Immigrants brought their dangers and had to be guided. One of the dangers that threatened was a disunited Canada. There was a failure to live and work together harmoniously.

Mr. Brady spoke of the eugenic problem, birth control, the moral and religious aspect, equity, and closed with an appeal for co-operation to improve conditions.

WATER NOTICE.

Diversion and Use.

TAKE NOTICE that Robert George Johnston, whose address is Inverness Cannery, will apply for a licence to take and use 10,000 gallons per day of water out of creek west of wharf at China Hat, also known as (no name), which flows southeast and drains into Trout Bay about 400 feet south along the beach from the southeast corner Lot "A," Kitasoo I.R. The water will be diverted from the stream at a point about 500 feet from its mouth and will be used for domestic and cannery purposes upon the land described as Lot "A", Kitasoo I.R. This notice was posted on the ground on the 15th day of September, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is September 30, 1926.

ROBERT GEORGE JOHNSTON,
Applicant.

WATER NOTICE.

Diverson and Use

TAKE NOTICE that Somerville Cannery Company, Ltd., whose address is Gore Avenue Wharf, Vancouver, B.C., will apply for a licence to take and use 50 gallons per minute of water out of small stream, also known as Hotel Stream, which flows northeast and drains into Jedway Harbor about 40 feet northwest of southeast corner of Togo Mining Claim. The water will be diverted from the stream at a point about 500 feet southwest of southeast corner of Togo Mining Claim, and will be used for industrial purposes upon the land described as 11.2 acres northeast of Togo Mining Claim. This notice was posted on the ground on the 9th day of September, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 5, 1926.

TAKE NOTICE that I, Charles E. Gilmore, Free Miner's Certificate No. 89742, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further taken notice that action, under section 85, must be commenced before the issue of such Certificate of Improvements.

DATED this 1st day of September, A.D 1926.

H. McN. FRASER, Agent.

ATTENDANCE AT SCHOOLS LARGE

TOTAL OF 923 ENROLLED IN SEPTEMBER WITH INCREASES SINCE —REPORTS OF PRINCIPALS

With some increases since the first of the month not recorded, the public school population of Prince Rupert at the end of September was 923 according to reports submitted to the school board at its regular meeting last night by the principals of the various schools. This figure does not include the enrolment of one hundred or more in private schools of the city.

The attendance in the three public schools and the High School was reported as follows:

	Boys	Girls	Total
Booth School	242	184	426
Borden Street	144	144	288
Seal Cove	40	25	65
High School	59	85	144
Totals	485	438	923

D. H. Hartness, principal of Booth Memorial School gave the average attendance of that school as 94.61. The classes as a whole were full. Nearly $200 had been banked in the school savings during the month. There was an active interest in football and basketball and, in the latter game, arrangements were being made for as many as possible to participate. It was suggested that lacrosse for the boys and grass hockey for the girls also be organized.

The average attendance for Borden Street School was 95 per cent, Miss S. A. Mills, the principal, reported. Bank deposits during the month had totalled $150. Dr. Tremayne, health officer for the schools, had paid a visit. There was an improvement in the heating of the school.

Mrs. Lizney reported that the school inspector had visited Seal Cove School. A request for a drinking fountain, sand table, etc., was made.

Thomas Peddie, principal of the High School, reported attendance percentage of 95. Debating and athletic societies had been reorganized in the High School. The commercial class, with an enrolment of 37, was becoming heavy for Miss Pierce. The tone of the school, Mr. Peddie reported, was good. The staff was doing efficient work and giving him loyal support. Mr. Peddie submitted a requisition for twenty seats, two typewriters, maps, books for the library, films for the magic lantern which could be obtained for the carrying charges, filing cabinet. The purchases were left over until the board has inspected the school.

NAMES OF BILLIARD TEAMS ARE CHANGED

St. Andrew's, Gyros, Moose, Grotto and Grand Terminals Instead of Former Nomenclature

The names Lions, Tigers, Beavers, Cougars, and Bear Cats are to be dropped in the Billiard League. Instead the teams are to be adopted by various organizations and the Cougars will be named St. Andrew's team; the Beavers, Gyros; the Lions, Moose; the Bear Cats, probably Grand Terminal; and the Tigers, probably Grotto. The captaincy of the St. Andrew's team will be transferred from Fred Pyle, whose duties as president of the league adequately fill his time, to S. D. Macdonald.

The billiard league, at a meeting last night, allowed a postponed game between Gunnar Anderson and J. Hillman which completed the first tournament of the season between the Tigers and Lions, now the Grotto and Moose.

This brings the standing of the teams to date under the new names to:

	Games	Total	Aver.
St. Andrew's	1	926	926
Gyros	1	889	889
Moose	1	874	874
Grotto	1	872	872

VANCOUVER HUNTERS ARE IN THE NORTH

Dr. R. E. McKechnie is at Head of Party Which is Between Here and Jasper Park

Accompanied by a party of Vancouver and Kelowna sportsmen, Dr. R. E. McKechnie, chancellor of the University, of B.C., is in the central interior on a hunting trip.

Using a special coach, which will be utilized as a main camp during the expedition, the party went over the C.N.R. to a spot between Jasper and Prince Rupert. They expect that they will bag some big game, though they are not out for any particular record.

Included in the party are Henry C. Macauley, A. J. Buttimer, H. S. Wood, Hon. Dr. W. H. Sutherland, minister of public works, and four Kelowna men, Dr. W. J. Knox, P. B. Willits, Kenneth McLaren and Elisha R. Bailey. Guides and Cooks accompany the party, which will be in the district for about two weeks.

SPORT CHAT

Many of the sports in which French women have engaged are too strenuous and should be suppressed, says the committee of morals of the Women's Sporting Federation. It has ordered members to abstain from long distance cycling, cross country racing, football and other games which are eyed with disapproval. Women's cross country has attained great popularity in France. Important cups have been offered athletes in this branch of sport.

Jean Borotra is the Ty Cobb of the Basque country. There are only 2,000,000 Basques all told, but nearly all of them can give the complete history of the international tennis idol who springs from the land at the foot of the Pyrennes. Basques were not much interested in tennis until Borotra became so important in the sports world. They are pelota fans. But Borotra and many other crack tennis players had their first lessons on the pelota courts of the land where France and Spain meet.

The average English society woman's love for her pet dog is proverbial, but it is not often they are taken into the realms of sport. Lady Derby, however, is perhaps an exception with two terriers of which she is particularly fond. An enthusiastic golfer, Lady Derby takes them to the course on a lead and when wielding the clubs hands the dogs over to the caddie. The shot made, the Lady again takes the dogs until it is necessary to drive or put.

The European buffalo also is threatened with extinction. Only 66 heads of the species, evenly distributed in sex, are known to be alive today, all of them in captivity.

Red Label Combinations at $4.50. Shirts and Drawers at $2.50 per garment.

Protects your Health

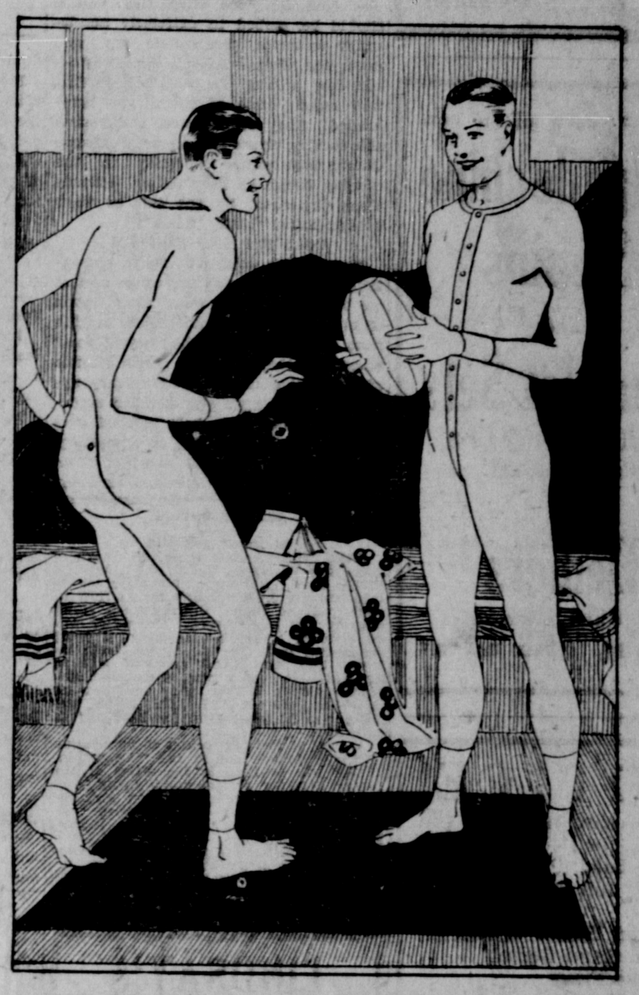

—provides real warmth and comfort

STANFIELD'S has been made in Canada for nearly fifty years by men who know the kind of underwear best suited to provide snug warmth and comfort throughout the coldest weather.

Be comfortable this winter. Wear underwear that is designed on living models to fit as perfectly as a well-tailored suit of clothes, without binding or bulging.

You can get Stanfield's in all the most-called-for weights, styles and sizes in wool, silkowool and cotton and wool. Stanfield's garments are easily laundered, and given ordinary care in washing according to our directions, *will not shrink!*

Stanfield's prices (from $1 to $10) bring the luxury of perfect underwear comfort within reach of all.

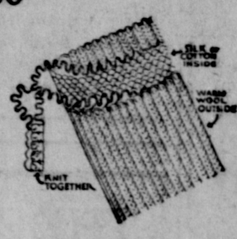

No. A.C.—Combinations at $4.00.

No. 1800—Silko-wool Combinations at $7.50.

STANFIELD'S Unshrinkable UNDERWEAR

Twin-Fabric
PATENTED

A new, exclusive garment. "TWIN FABRIC" consists of TWO FABRICS woven together so that silk or cotton comes next the skin for comfort and warm wool outside for protection. Made and patented only by Stanfield's Limited.

Write for free booklet showing swatches and styles of Stanfield's underwear for all the family.
