CONSTITUTIONAL CHANGES IN BRITISH EMPIRE.

The premiers of the Dominions in collaboration with the pre- states) to the value of \$190,098,829. hostesses who lent their reception rooms; mier and other members of the British Government are at present | She exported wood and paper valued at | for these affairs are living upstairs none discussing matters pertaining to the Empire as a whole and partic- \$241,745,337, during the same period. ularly matters relating to the British constitution under which the relations of the dominions to Great Britain and to each other are being defined.

While there will be no written rules brought down as a result, there may possibly be resolutions passed that will have a con- but \$38,296,906 or approximately onesiderable influence in making clearer the position of the Dominions sixth of the Canadian export. The exin relation to the mother country and in doing away with some of the port of Canadian agricultural and vegecauses for irritation that have hitherto existed.

One of these changes suggested yesterday was that the Gov- far below that of wood and paper in ernor General should in future be a representative of the King of value, although it comes next in the England in person rather than a representative of the British Government. That would place us in practically the same relationship September 30 last, domestic exports of to the Governor as the people of England or Scotland are to the King and would be a pledge of the equality of the different part of 794,323. the Empire. For the time being the Governor would be king of Can- some of the principal items which go ada, or to put it more clearly, King George would be King of Can- to make up the grand total of wood ada, acting through his deputy, the Governor General, and would and paper exports from Canada to the receive advice from his Canadian ministers direct instead of by United States during the twelve months Downing Street.

Apparently something definite has been done and within a few lows: Wood unmanufactured, \$92,943,days there should be announcement as to the outcome of numerous sittings of the conference and the conference committees. So far wood, \$13,457,628. as one can gather South Africa and Canada are taking a leading part in the demand for equality and it is a matter of finding ways and means of carrying out their desires that is taking up the time.

NEED OF CARE IN SUCH A CONFERENCE.

To some extent it has been said that the Canadian view is influenced largely by Quebec, and that is probably true. Quebec is the dominant partner in the present Canadian Government because of the solid support given in the recent election. British Columbia, on the same basis would be almost without any influence there. However, the aim of Quebec is to prevent the movement toward union the tennis courts, will make a bid for with the United States and their influence would be toward making golf world's honors next year. the British Constitution so acceptable to the Canadian people that the present status may be continued indefinitely. Therein lies the twice British open champion, says France advantage of the present conference, from the British point of view. has three women golfers who can hold

It may also be mentioned that the position taken by Canada in their own with any similar trinity redemanding the greatest possible autonomy is a source of strength to the United States. the conference in that it presents with South Africa and Ireland a more or less solid section in favor of clearly defined autonomy with Thion de la Chaume, Diana Esmond and as far as possible equality of the Dominions with the mother land. her sister Sybil.

WITH EQUALITY

COMES RESPONSIBILITY.

But with equality comes responsibility. If we are to be considered equal we must agree to pay our share of defence costs but over Miss Cecil Leitch. we shall have a say as to how those defences are administered. The girls' championship last month. Her whole thing is most complicated and the idea of the conference is sister. Sybil ranks very little below the to try to work out a scheme whereby each part of the Empire will English champion. feel satisfied with its position and each will do its part in defence and in co-operating with each other part. Canadians will have to give up the parochial view of things and study world politics if they are to take part in world affairs other than as an appendage of Great Britain. They will have to learn to give and take and sometimes the opinion of Dr. Joseph Wells, retirto sacrifice purely local interests for those of the commonwealth.
