MANY ATTEND BURNS NIGHT

Interesting and Enjoyable Program put on in Presbyterian Church

About three hundred persons were present at the Presbyterian Church last night to fully enjoy a concert of Scottish character, with special reference to Robert Burns, which was held in aid of the church funds, the sum of about \$90 being realized.

The feature of the evening was the eloquent address by Rev. Dr. Charles J. Cameron on the life of Burns. Contributing to the program were also Principal J. G. Brady, who recited "Gottie's Saturday Night," Mrs. F. P. Kenny, piano soloist, and Mrs. J. P. McMillan, Mrs. D. D. McTavish of Victoria, Mrs. C. E. Cullin, Mrs. William Millar, Mrs. R. A. Harlow, Mrs. H. C. Fraser, Mrs. Jarvis McLeod and A. Clapperton, vocal soloists. Mrs. Harlow and Mrs. Fraser were accompanists.

Mrs. J. H. McLeod was in charge of the arrangements for the program and Thomas McElroy acted as chairman.

Don't Neglect Your Feet

Normal Foot Flat Foot

Something New Dr. Scholl's Podo-graph

A photograph of your foot! A wonderful invention by Dr. Wm. M. Scholl, the noted foot authority. In a moment—without removing hosiery—we can make an exact impression of your feet, so clear and simple that you can see for yourself their true condition. It's a pleasure for us to render you this exceptional service absolutely free. Our Foot Comfort Expert will explain to you why you have foot trouble and the best method of quickly and permanently eliminating it. Come in without fail and test out this new Podo-graph service.

Do You Know?

- 1—THAT your feet are the most used and abused part of your anatomy?
- 2—THAT your feet are composed of 52 bones held by ligaments at their various articulations, and a breakdown of any of your four arches is caused by displacement of one or more of the 52 bones?
- 3—THAT corns, callouses and enlarged joints are not diseases, but only symptoms of an underlying cause principally, improper shoe fitting? Remove the cause and you remove the pain.
- 4—THAT your feet are constructed for the purpose of taking the weight of the body, carrying it and doing so comfortably. If there are pains, discomforts and fatigue, the foot is not normal and requires a scientific application of praetepedic treatment.
- 5—Do your feet tire? Do the soles of your feet burn? Have you weak ankles? If so, then yours is a weak foot and requires scientific attention.

Normal Foot Weak Foot

Don't Guess

Know the true condition of your feet. With Dr. Scholl's Podo-graph we can instantly make, absolutely free of charge, without removing your hose, a photographic print that shows the exact condition of your foot. It is also a wonderful aid in fitting shoes so they will be absolutely comfortable. If you have any form of foot trouble—weak or broken down arches, flat foot, corns, callouses, bunions, painful heels, weak ankles, etc.—be sure and see our Foot Comfort Expert. He can show you why you suffer and how to get quick and lasting relief. Don't wait. Come in today and have your feet Podo-graphed. This Service is absolutely free.

I have the pleasure of announcing to the public that I have just completed a course of study in the American School of Practipedics, Chicago; and have acquired a scientific knowledge of the Human Foot, and with the aid of footprints obtained by the use of the podo-graph, I am enabled to diagnose any foot ailments. Also to relieve the foot with the aid of Dr. Scholl's scientific appliances of which you will find a complete stock at this store.

There was a contest for the position of second vice-president and also for members of the executive, the scrutineers being W. F. Cameron, Jack Judge and Malcolm McLeod.

After the election a vote of thanks to J. McNulty who for many years had acted as treasurer, and last year was president, was passed.

The charge against Henry Miskner of a statutory offence will be proceeded with in the city police court next Thursday.

Waterfront Whiffs

(continued from page five)
being completed, Henry Selig's American halibut schooner Onas is now on the McLean ways for general overhaul and the Canadian schooner Alken, Capt. Andrew Hansen, was taken up today. Steve Sheen's Eastern Point and the Volunteer are hooked to be taken up at the McLean plant.

Activity at Metlakatla

There is considerable activity in the boat building line at Metlakatla this winter. Peter Haldane is building a new 40 foot seiner, larger than his old Victor H., and to supply the motive power for the craft has ordered a 16 h.p. Vivian heavy duty engine. Peter Leighton is also building a new seine boat in which he contemplates installing a 20 h.p. Vivian.

F. W. Allen, who arrived in the city recently to join the staff of Lipsell & Cunningham, is bringing his cabin cruiser Goliath from the south in the near fut-

ure. It is a 32 foot boat and has a 10 h.p. Frisbie two cylinder engine. The craft, which is now at Pender Harbor, will come north on the next trip of the Union freighter Chilkoot and will be moored at the Prince Rupert Rowing & Yacht Club which Mr. Allen has joined. Mr. Allen is to take up residence with his family in the Pringle house on Fifth Avenue west.

"The Lost World"

A spectacular, sensational picturization of Sir Arthur Conan Doyle's stupendous story. A remarkable tale of two modern lovers trapped with a band of explorers in a land never trodden before by man and forced to battle for their lives against terrifying monsters. Marvels are laid to your eyes. You will gasp with astonishment and wonder. A little group of men and one woman trapped in the lost world, where ape men roam, where animals the size of fifteen elephants and flying reptiles the size of an aeroplane, monsters of ten million years ago, still live. See the captured monster taken to London where it breaks its shackles and raises havoc in the streets, finally crashing through the Tower Bridge. The world's wonder picture.

Watch and listen! "A cry of agony, a dreadful snarl, and the brute crashed away. A prehistoric monster with power to crush and kill, cowed by a lover's daring and the fire of civilization. Many specimens of the dinosaur family are seen such as the brontosaurus, allosaurus, tyrannosaurus, diplodocus, triceratops, agathamans, stegosaurus, pterodactyl or flying dragon and others.

Brilliant cast: Lewis S. Stone, Lloyd Hughes, Bessie Love, Wallace Beery, Charles Wellesley, Bull Montana, Arthur Hoyt, Alma Bennett, Virginia Brown Faire, Margaret McWade, and others.
