PIGEON WAS LOYAL TO UNITED STATES NAVY

WASHINGTON, Mar. 18.—Navy pigeons do not desert. An aerial messenger, lost at sea more than a year and a half ago, turned up recently in the loft at Coco Sola, Canal Zone, and reported for duty. Examination showed that the bird's wings had been closely clipped, probably when it was forced down by a rain storm and captured by a fancier who attempted to lure it from its navy allegiance. As soon as the clipped feathers had molted and a new crop grew out, the pigeon took wing for its home loft.

CHINESE ARE IMPORTERS OLD U.S. NEWSPAPERS

SAN FRANCISCO, Mar. 18.—Circulation figures of publishers may not disclose it, but the Chinese are wholesale buyers of American newspapers. The Orientals' interest in this country old newspapers by the ton; a single shipment recently comprised 1,700 bales. Eventually most of the papers return to the United States wrapped around goods which American firms have purchased.

PROTECTION FOR WRITERS ASKED AGAINST LIBELS

At Present in Britain Person Can be Sued for Using Another Man's Name Unconsciously

LONDON, Mar. 18.—The Bill that Lord Gorell has introduced in the House of Lords is really a very simple and uncontentious affair, and not only authors, but publishers, magazine editors, and newspaper proprietors should be interested in its being passed.

In regard to libel, the protection asked for is that when a writer of fiction inadvertently uses a real name for a fictional character, it shall be incumbent on the owner of the name to show negligence or intention on the part of the writer before any action for libel is maintainable. There is, of course, provision in the Bill for redressing the effects of what has been a mere accident—such as the publishing of an explanation or an apology, the altering of the name, and so on. As the law stands at present authors and publishers live in constant peril.

The other part of Lord Gorell's Bill is to entitle an author to defend his work when proceedings are being taken against the publisher or bookseller on account of the indecent, seditious, or blasphemous character of the work in question. At present he may be left entirely outside the proceedings.

BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosing." Still, the little ones' cold troubles cannot be neglected.

At the very first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub over the throat and chest. There is nothing to swallow—you just rub it on. Colds go over night, croup is usually relieved in 15 minutes.

A package of Rinso is a package of miniature soap bubbles.

You simply dissolve for 25 seconds the tiny bubbles in hot water, soak the clothes a couple of hours, or overnight, rinse them well in clean water and—that's all.

Result—clean, sweet-smelling clothes, hours of time saved and the hand work changed to just rinsing.

Rinso dissolves the dirt, you rinse it out.

You will never know how easy it is to do the washing until you've used Rinso, the greatest time and labour saver the housewife has ever known.
