Losing Battle Of Old Against New.

The old has always fought a losing battle against the new. At one time those who dared tell the truth were burned at the stake and whole sects or groups were put to the sword. The world is divided into those who are willing to keep pace with modern developments and those who cling to the old. Oom Paul Kruger, president of the Transvaal Republic, until the day of his death, insisted that the earth was flat. But it was not.

A new group has arisen to fight for the old as against the new. This group is known as the "Bible Crusaders of America." They are the Bryanites of that country who are waving their puny arms against the incoming tide and asking it to go back. They say they are out in defense of Christ and the Bible. Happily their campaign will arouse people to think out things for themselves and by drawing attention to a great scientific fact will possibly forward the cause of real education. Here is a circutar they are sending out:

Fundamentalist Campaign In States And Canada.

The Bible Crusaders of America, having completed two great campaigns in Florida and Mississippi against the teaching of evolution in the public schools, both of which were highly successful, are now launching a nation-wide campaign to reach into every state and Canada and to combine as allies, fundamentalist laymen in the Baptist, Methodist, Presbyterian and other denominations into one great offensive and defensive alliance.

George F. Washburn of Boston, and Clearwater, Florida, will be the Commanding General of this great campaign.. He has associated with him, distinguished educators, editors, clergymen and statesmen whose influence extends into the United States Congress and into the King's Council of Canada.

This sensational crusade is amply financed and has official weekly magazine, known as "The Crusaders' Champion."

The object of this denominational alliance is to combine the orthodox press, pulpit and educational institutions into one home at an early age to attend; powerful federation, in defense of Christ and the Bible, and school in Toronto and 62 years | The final payment has been to drive evolution from the public schools of America.

Says Are Conspiracies And Intrigues.

In commenting on this newest Crusade, General Washburn Shirley had his schooling as said, "When the truth is told about the conspiracies and in- a sheriff, being deputy there for On account of il thealth, Mrs. trigues of modernists in high places, as it will be, and certain live years. Went to Yukon

for the Yukon and in January has arrived from Vancouver to old steamer Willapa which was to Atlin. The several hundred mile trip overland from Wrangell to Atlin was fraught with many delays and it took over twelve months, dog team being the principal mode of travel. However, they carrived safely at Atlin in March, 1899.

For a couple of years Sheriff! Shirley mined with his brother but this was not altogether successful although, like many others, they spent much money. He then went into the wood and water business with dogs and made good at this. In 1902 Mr. Shirley received the appointment of deputy sheriff, the head office then being Vancouver. In April 1905, with the creation of the separate county of Atlin he was named sheriff on the same day that F. McB. Young was made!

county court judge. When the administrative headquarters of Atlin district was brought to Prince Rupert, Sheriff Shirley also moved here arriving in January 1910. He was a resident of the

2000 Year-old Secret TUST as Nature has given to man the instinct to rub his hurts. J so in her wonderful storehouse of herbs she provides the ideal substance to rub with. The Gladiators of Ancient Rome knew

this secret. Their precious herbal balms had magic healing powers. After 2,000 years, the secret of natural healing has been rediscovered. In Zam-Buk we have to-day the identical skin-growing property of the ancient costly balms, with the additional purity and refinement which only modern scientific skill can bring.

Directly Zam-Buk is smeared on a jagged wound or obstinate sore, an extraordinary regeneration of the tissues begins. All pain and itching dies away, inflammation is allayed, poisonous influences which hinder healing are neutralised, and there is a speedy growth of new skin.

Zam-Buk is "the handy skin doctor" in a million homes because it is so quickly soothing and effective. Zam-Buk's absolute reliability comes from its pure herbal character and entire freedom from animal fats.
