ASSESSMENT HIGHER 1926

Completion of Work of Court of Revision Allows Summary to be Made

Total assessment valuation in the city this year stands at $16,090,480 as compared with $15,089,862 in 1925 and the total valuation of taxable lands, not including the property of the railway company, is $4,232,275 as against $4,417,718 last year. Final figures on the 1926 assessment were obtainable this morning following the court of revision having completed its work yesterday afternoon.

The increase in the total assessment valuation, which includes lands and improvements exempt from taxation, was due to building in the city during 1925 particularly the terminal grain elevator at a value of over one million dollars.

Taxable Lands

The valuation of taxable lands, which does include that of railday company, was reduced by the assessor $182,523 from last year while the court of revision made a further reduction of $5,300 including the valuation of $1,080 transferred from railway leased lands to the railway company and also allowing for the valuation of $2,380 covering city lots transferred to private owners. This shows a net total reduction of $185,443 from 1925.

The valuation of the railway company's lands, taxation of which is covered by a flat rate agreement which expires next year, has been reduced this year from $2,355,721 to $2,249,554, the reduction including the $1,080 mentioned above and severing 1,500 feet of waterfront in Block E (elevator site) at $70 per foot transferred from the railway company to the government of Canada.

Rate to be Set

On the taxable valuations now reached, the tax rate for the year 1926 will later be set by the council after the estimates have been considered. In view of the fact that the assessment is reduced, there may be a slight increase in the mill rate if the city's expenditure for the year is the same as it was last year.

IRREGULARITIES IN SCHOOL ATTENDANCE MUST BE STOPPED

Habitual Truancy Will be Reported to the Police in Future for Action, Schoolboard Decides

That cases of habitual truancy are to be reported to Trustee McMeekin who is acting on behalf of the school board and who will take the matter up with the city police, was decided by the school board at its meeting last night. The principals reported that there were cases which seemed like truancy and usually they were the pupils who needed most to be at school. In future all such cases will be officially investigated and pressure brought to see that the children have the advantages of education.

Trustee Rochester remarked that it was too bad there should be such gross display of indifference to the wellbeing of the children.

Principal Brady of the High School mentioned that some of the girls who were supposed to attend the domestic science classes did not do so regularly. He suggested that this subject be made a part of the curriculum on which the students are promoted. The boys were keen to attend manual training classes but some of the girls showed indifference.

Trustee Rochester said the matter would be taken up further and they would see that attendance at these classes was made compulsory.

LIGHT MONTH IN POLICE CIRCLES

Only Five Cases of Drunkenness Before Police Court in January

January was a light month in police circles. The town was very free of drunkenness, there being only five convictions for that offense. Other minor cases were very small and the amount of fines was only $138.50 for all infractions of the law. The charges brought were:

Breaches of Liquor Act	9
Intoxication	5
Infractions of Motor Act	2
Having liquor in possession .	1
Having pistol in possession ..	1
Supplying Indians with liquor	2
Common assault	1
O.F.M.P.	1
Indecent assault	1
Vagrancy	2

The total number of cases was 25, convictions 11, cases dismissed 2, cases pending 12.

KING EDWARD SCHOOL LIGHTS

System Too Heavily Loaded and Globes Ordered Without Authority

That nothing must be ordered on behalf of the schoolboard in future except through the treasury was laid down very clearly at the meeting of the board last evening. The matter came up in connection with electric lights, which it was reported had been ordered by the janitor while the secretary was away and which proved too powerful for the wiring of the building.

A letter was received by the board from the superintendent of utilities telling them that the King Edward High School electric light system was overloaded and that rewiring was necessary. In the meantime the load had been cut down and it was found that the 200 kilowatt lights seemed to be the cause of the trouble. These had to be taken out.

In the course of discussion on the King Edward School lighting it was mentioned that lights were seen burning there late at night and on one occasion the whole building was seen to be lighted up after midnight with no one there. It was thought that the people who were using the building for a night school had left the lights on. More strict supervision of this will be insisted on by the board and an investigation will be made as to whether the additional lighting is necessary and as to whether it is necessary to have the building rewired.

ATTENDANCE AT CITY SCHOOLS WAS LARGE

High Averages Kept up at all, With High School in Lead for Percentage

High attendance averages were made in all the city schools during the month of January, according to the reports of the principals laid before the board of trustees at the regular monthly meeting last night. The reports showed the following:

Booth School—Total attendance, 321; boys 213, girls 190; average percentage of attendance, 95.6.

Borden Street—Total attendance, 321; boys 160, girls 161; average percentage of attendance, 95.

Seal Cove—Total attendance, 44; boys 20, girls 24; average percentage of attendance, 96.6.

King Edward High School—Total attendance, 137; boys 54, girls 82; average percentage of attendance, 98.
