Can You Tell a Good Diamond

We would rather sell a diamond ring to a person who knows diamonds. We then have little trouble in showing that our diamonds are of the finest quality.

We have a special diamond engagement ring for $100 which we think is extra good value. Perfect, flawless stone, set in fancy white gold setting and stone of good large size for the money.

It is a pleasure to show it.

LORDS AGAINST LADY MEMBERS

Peeresses Not Considered Fit to Take Part in Governing Country

(Manchester Guardian)

The House of Lords has rejected for the third time a bill to enable peeresses in their own right to sit and vote in the House. Last session when the bill came up for second reading it was defeated by a majority of only two votes. If this represented an advance towards a more liberal opinion, there has been a big backsliding, for last week the division showed 80 for the bill and 125 against, an adverse majority of 45. The bill was an attempt to confer upon the House of Lords the benefit which the Commons already enjoys—the removal in some degree of the sex disqualification. It would have affected only twenty-two peeresses, and of these Lord Birkenhead, in a ruthless attack on the bill, said that not one would be nominated by any competent tribunal to sit in that or any other Legislature. Lord Newton criticised the bill with no less obduracy. He ridiculed the idea that the presence of the peeresses would increase the attendance of the younger peers: he thought that some "ladies from the chorus" would be more effective. The opposition, indeed did not move on a high level of debate, but it was evidently more in harmony with the prejudices of the House than the sober arguments of the champions of the bill.

HIGHER CHARGES FOR ALBERTA TELEPHONES

EDMONTON, July 21—Increased rates on government telephone lines throughout the province is the object of an application now before the public utilities commission. The application is being made by the Alberta Government Telephones, and increases are asked covering all rural and urban service, though not including toll or long distance rates.

The increase requested will average 20 per cent., thus adding 50 cents to rural and residence exchange telephones and 75 cents and $1 on business phones per month.

Hearing of this application will probably take place within the next 30 days.

PRESERVING SEASON ON

Many New Fruits Being Offered in Stores—Fresh Vegetables Also Coming in Quantity.

The preserving season is now on in full swing. Strawberries are practically over, preserving plums and apricots are now on the market, a limited quantity of Morello sour preserving cherries from Terrace are due to arrive within ten days, preserving peaches will be here inside of two or three weeks and Italian prunes will arrive in about three weeks' time.

The feature of the vegetable market is green corn on the cob, which is just in at 3 heads for 25c. The price will come down shortly. New articles on the vegetable market are also squash, vegetable marrow and outdoor celery.

There is no change in the retail market for butter, although the wholesale price has advanced slightly. Though the wholesale price may come down it is not likely to immediately affect the retail price.

The lard market has advanced in sympathy with all pork products and smoked meats in which there have been heavy rises.

There has been an advance in the egg market which is firm and, as is usual at this time of the year with heavy demand on account of preserving, there has been an advance in sugar.
