DAILY EDITION.

FATE OF FAIR TO BE DECIDED.

The adjourned annual meeting of the Northern B.C. Agricultural & Industrial Association will be held tonight when decision other parties were again gone over that will be reached as to the future of the Prince Rupert Exhibition An important question—whether or not the local Fair will continue ther discussion on the subject was post--is to be taken up and it is to be hoped that many citizens, more poned until the next regular meeting particularly those who are creditors of the Association, will turn of the council when all the corresponout so that an advised step may be taken.

The Association has assets-mainly its building-in excess of for consideration. liabilities but they are not liquid and the financing of the Fair will no doubt be found difficult this year. It is not easy to estimate the importance of the Prince Rupert Exhibition to the city and district but the general opinion is that it has been, at least, of considerable advantage to certain business interests in bringing district trade to the city both during Fair Week and the year around through connections formed at that time. The question to be decided tonight is whether or not sufficient public support can be obtained to carry on the affair with a policy of reduction and economy.

The public has been given time to think it over. If there is last night and the recommendation of no response tonight, the natural thing to do will be to devise some the utilities committee that the city purmeans of squaring present accounts and then quit operations. If, on from Albert & McCaffery Ltd., at a price men belonging to Prince Rupert for the other hand, a good crowd turns out displaying its enthusiasm of \$6.55 per ton f.o.b. barge at the dry its Roll of Honor. for the Exhibition to be continued, there is no doubt the Association dock was accepted. There was only one will carry on.

INTERESTED HERE

IN GAME ACT.

There is room for much improvement in the Game Act as it formed the utilities committee that it affects Northern and Central British Columbia, representations would not cost more than 15 cents a along these lines from this city and district for some time having ton more for the clam shell to take the lowing officers for the year: President been made upon the authorities. It is gratifying to note that the coal from the barge than from the dock Bishop Duvernet; First Vice-president interested bodies have been getting toether in Victoria with a view as it had to be in each case loaded into to bringing about some remodelling. Game administration is doubly Thus Albert & McCaffery's tender would important in these parts for it has to do not only with the sporting be 2 cents cheaper. aspect but, what is more important, with the fur trade which is a most important industry in Central and Northern B.C.

BRITISH GOVERNMENT CHANGES ITS ATTITUDE.

Within a week the British Government has changed its attitude with respect to China from that of armed strength to conciliatory desire, expressing itself in favor of making even more sweeping concessions to the Chinese than might have been expected or hoped for. The reason for this is no doubt that the English have spoken through their press against any tyranny that the government might have been disposed to invoke. With the British ameliorating now on a lecture tour of Canada, night to discuss plans for another civic as it now seems there are, there should be no alarm or fear further serious trouble there.

SOCIAL INSTINCT NOT DISAPPEARING.

The gregarious instinct in man is not disappearing. On the their children was of more importance pected that the technicalities will contrary its influence is becoming more universal and its effects more ostensible. The people seem to crave for the society of their

fellows, even more than ever in the past.

Evidence of the development of the gregarious instinct is seen by most in the trend toward community life. So great has been the that he has been awarded medals and movement away from the farm and into the towns and cities that a prize. In a certain district in Eng- LONDON NIGHT the economists are disturbed over the feeding of future generations. land the average of 6.4 carious teeth Cities are spreading out over former farm land and enveloping as in each child out of a toal of more citizens former farmers. Higher wages in factories is partially the than 37,000 was reduced to 1.9 from cause. Another attraction is society-24 hours' association with 1914 to 1920, as a result of putting Dr. Not Only Struck off List in London but other people. People just naturally hanker for a crowd and man- Wallace's theories into practice. The made turmoil.

What is the reason for the growing number of conventions, from 5 per cent to 48 per cent, in the mass meetings, reunions, picnics, fairs and other places and excuses same time. for assembly? Isn't the social instinct the most plausible explanation? Canada and United States are becoming convention nations. ONTARIO WHEAT pute the number of conventions in session in this country every year. The results would be startling. The statistician might also add figures on daily lodge meetings, initiations and ladies' nights. New Organization Linked With Western

It is not a coincidence that in the aimal kingdom the predatory beasts and birds are not gregarious, just as in the kingdom of man only those who prey upon their fellows instinctively avoid the society of man.

FATHERS ON WATERFRONT MEETING

Mayor Newton informed the city council last night that he had called meeting to discuss the waterfront question. What amounted to a vote of censure on the city council had been passed. The opinion expressed at the meeting seemed to be that the city should have actually made the conveyance as far as giving up its riparian rights in mental hospitals. Cow Bay and not simply pass a resolution saying it were willing to do so.

Alderman Stephens could not what the city could do more than it had done in the matter.

Alderman Jos. Greer felt the resolution which the city had passed last year met the transfer to the Dominion Government providing the improvements were

Further discussion by the various members of the council showed that the Tuesday, Feb. 1, 1927 aldermen hardly agreed with the action of the meeting but there was a willingness to do anything possible to make the city's position clear. Some of the aldermen felt that if all the correspondence between the city and the the situation might be clearer in the tion. minds of the council. Accordingly, furdence on the question would be tabled

VITAMIN CRAZE IS SCORED BY LONDON DOCTOR IN CANADA

WINNIPEG, Feb. 1 .- (By Canadian Fress). - J. S. Wallace, D.Sc., M.D., L.D.S., lecturer on preventive dentistry scores what he calls the "vitamine craze," and condemns the practice of feeding children soft foods. Sound teeth, he says, are largely a matter of food and feeding, and the instruction of mothers in what and how to feed than any amount of practical dentistry, complied with in the course of a Dr. Wallace is the originator of a days. Then the election will take place movement of preventive dentistry. He as soon as the Municipal Act will peris conceded to be revolutionary, but mit. percentage of children of the same age

Combines

CHATHAM, Ont., Feb. 1.-Launching of Ontario's grain pool, modelled along the lines of western Canadian organizations, took place at a meeting of 300

Kent County farmers here. The Ontario pool will work in conjunction with the three western Canada pools and when it is fully organized it is hoped the greater portion of grain grown from the Ottawa River to the Rocky Mountains will be marketed through one central organization in the hands of the producers themselves. The form of contract adopted by the Ontario pool is very similar to that of Manitoba wheat pool. The grower who signs up agrees to dispose of all his grain through the pool for a term of five years.

COULDN'T SEE IT.

A couple of travellers were discussing the places they had visited. "I suppose London is the foggiest place in the world," said one.

"Why, no, I wouldn't say that," returned the other. "I remember once being in a place much foggier than

"Where was that?" queried his friend. "Hanged if I can tell you where it was," said the other. "You see was so frightfully foggy."

MAYOR NEWTON REPORTS TO CITY EDMONTON SCHOOL BOARD WOULD TAKE DRASTIC ACTION TO CUT DOWN MENTAL DERANGE-MENT

> EDMONTON, Feb. 1 .- Edmonton Public School Board has gone on record as favoring the principal of sterilization of the insane, following a request that they endorse a resolution passed by the U.F.W.A. last week asking that the government arrange for treatment at the

Objection was taken by some of the board that they should not pass an opinion of the matter, some not agreeing with the methods of procedure outlined in the U.F.W.A. resolution. They refused to endorse the resolution as it stood, but favored the principle. The vote was ananimous.

A committee comprised of Trustees Dr. Frank Crang, and Mrs. E. T. Bishop, and Dr. D. J. Dunn, medical inspector of city schools, was appointed to wait upon

the provincial minister of health. "There is a certain amount of it (mental derangement or insanity) in the school system," the trustees declared. "and there should be some drastic method to cut it down to a minimum."

The school board is believed to be the first body appointed by the taxpayer which has gone on record for steriliza-
