CHURCHILL TO BE NEW PORT

Engineer Says Cost of Making Terminals Only Third of Port Nelson

OTTAWA, Aug. 30.—That Churchill will undoubtedly be selected affording a ready harbor in which shipping facilities may be provided in calm water, protected from all the storms of Hudson Bay is the first conclusion from the preliminary report of Frederick Palmer, British harbor engineer, on the port facilities of Hudson Bay.

Mr. Palmer was engaged by the government to pass upon the relative merits of Port Churchill and Port Nelson and in his report now made public he says the cost of making a port at Churchill would be one third of the amount needed to finish the Nelson terminals.

CHICAGO CUBS BEATEN TWICE

Lost Two Games to Giants Yesterday—Philadelphia Athletics Are Runners-up

NEW YORK, Aug. 30.—The leading Chicago Cubs lost both games of a doubleheader to the New York Giants in the National League yesterday. St. Louis Cardinals and Brooklyn Dodgers divided honors in a doubleheader while the game between Pittsburgh and Philadelphia was called at the end of the sixth inning on account of rain with a score of two all. The Cardinals and Pirates are now tied for second place. Cincinnati Reds took both games of a doubleheader from the Boston Braves.

Philadelphia Athletics made safe their hold on second place in the American League by defeating Detroit Tigers 5 to 0. The sweeping New York Yankees, now assured of the pennant, defeated St. Louis Browns 8-3 while the lowly Bostonians overwhelmed Cleveland 10 to 2.

Lou Gehrig got his forty-first homer of the season when the Yankees beat St. Louis for the eighteenth time this year.

Washington players drew for places in an effort to get out of a thirteen-game losing streak with the result that Harris, Speaker, Ruel and Bluege sat on the benches but rain interrupted the game with Chicago in the last half of the second inning with the Senators leading two-one.

Results of the games were as follows:

POSTMASTER AT STEWART DEAD

W. C. Cameron Succumbed to Heart Attack While Engaged in Household Task Last Night

Word was brought to the city on the steamer Catala, today of the sudden death last night at that point of William C. Cameron, postmaster and customs officer. He succumbed in his home apparently to a heart attack while engaged in repair work about the house.

The late Mr. Cameron went to Stewart in the early days of that camp and was widely known throughout the north. He was the first Government Telegraphs telephone agent there.

He was married and, besides his widow, is survived by a family.

Funeral arrangements had not been announced when the Catala left Stewart.

INQUEST ON FIRE RANGER

INVERMERE, B.C. A coroner's jury last night found that Roderick Munro, assistant fire ranger, killed near here on Saturday, came to his death from a bullet presumably fired by William Morpeth, an aged and eccentric recluse.

Coming home, a stop of a day was made at Anyox and then on to Warke Canal via Kincolith where last Saturday a big native wedding was being held with a thousand or more Indians from all parts of the Naas Valley in attendance. A call was also made at Port Simpson before returning home Sunday night.

Byron Summers of California is expected to give the local boy a battle for the honors in the big race. Competitors must wear bathing suits at the start but may discard them in the water.

Stobart of Nanaimo, father of the local commandant, read scripture and the meeting was opened and closed with prayer by Rev. W. F. Price, pastor of First Baptist Church.

PROSPECTS FOR FAIR BRIGHT

Exhibition Board Makes Final Arrangements for Big Show Next Week at Meeting Last Night

Optimism with regard to prospects for the success of the annual Prince Rupert Exhibition next week pervaded a meeting of the Fair Board last night when considerable time was spent in arranging final details for the big event. President Frank Dibb was in the chair and directors present were Dan Jabour, S. E. Parker, Bert Morgan, Ben Self, George B. Casey, Joe Brown, Olof Hanson, W. F. Vance and Ald. G. P. Tinker.

The report of the finance committee was of particular interest. Whereas the year was started off with obligations totalling \$2,764 due some seventy creditors, the board now has only seven creditors with claims totalling \$550. Very shortly, it is expected, that these last of outstanding accounts from 1926 will be liquidated.

Good response was reported to have been met in canvass for funds and, if only weather is favorable, the board has no doubt of ending the current year on the right side of the ledger.

The board set its schedule of prices for the gate to the various features of this year's Fair. The charge to the Stampede will be \$1.00 for adults and 50c for children. There will be an extra charge of 25c for certain grandstand seats. To see the Stewart-Prince Rupert baseball games it will cost 50c while the charge to all other games, including Gilhuly Cup football, will be 25c. Entrance charges to the building will remain the same as last year—25c for adults and 10c for children. Programs will also be sold.

A letter was read from H. P. Hill offering to stage in Prince Rupert an historical Diamond Jubilee of Confederation pageant similar to that which was put on at the Vancouver Exhibition. As it would be impossible to stage this until after the Fair, it was decided to go further into the project which would require some 300 or 400 local people to participate.

LEADING MINING MEN WILL VISIT RUPERT

Delegates From Empire Mining & Metallurgy Conference Will be Here Next Month

Following the Triennial Empire Mining & Metallurgy Conference, which opened in Montreal last week and is holding sessions in various principal cities of Canada, a number of delegates to that important gathering, which has attracted mining men from all parts of the world, will visit Prince Rupert next month. They will arrive from Vancouver by Canadian National steamer on the morning of September 17 and proceed that night to Anyox, where they will inspect the smelter and mine, returning to the city on the Sunday evening following and proceeding east by train the next day.

Preparations are being made both here and at Anyox for the reception of the distinguished visitors.

APPEAL NOTICE SANKEY CASE

Court of Appeal will be Asked for Change of Venue for Second Trial

VANCOUVER, Aug. 30.—Notice of appeal has been given by J. E. Bird on behalf of Joseph Sankey charged with murder at Port Essington last year of Miss Loretta Chisholm from the order of Mr. Justice Morrison refusing to allow a change of venue for the re-trial. It will be again argued before the court of appeal that Sankey would be prejudiced by the trial at Prince Rupert and that the trial should take place either at Vancouver or New Westminster.

EARLY RE-OPENING OF FISHING ON ISLANDS OFFICIALLY DENIED

The report that salmon fishing would reopen Thursday on the west coast of Vancouver and Queen Charlotte Islands seems to be incorrect. Neither Major J. A. Motherwell, chief inspector of fisheries, or Adam Mackie, the local inspector, knew anything of it. They state that fishing will be resumed on the Queen Charlotte Islands, as in other parts of District No. 2, on September 4 at 6 p.m.

FEW NAMES IN POLITICAL POT

Question of Leadership of Conservative Party Being Discussed in East

TORONTO, Aug. 30.—The question of who is to be chosen for the Conservative leadership is still agitating the people in this part of Canada. It was recently stated in Winnipeg that a leader had been agreed upon and that the man chosen "might be described as a westerner." This has made the doubt greater than ever. The term would never have been used for Hon. R. B. Bennett, who is cut and out western. The general feeling here is that Hon. Hugh Guthrie will win out but Sir Henry Drayton, Hon. Bob Rogers, and Charles A. Magrath, chairman of the Ontario Hydro commission, have all been mentioned.

VANCOUVER IS GIVEN FRIGHT

Rumblings and Rattlings Make People Rush From Their Homes to Streets

VANCOUVER, Aug. 30.—Accompanied by a plainly audible rumble, a shock of mysterious origin shook houses and other buildings and rattled windows, dishes and furniture in greater Vancouver area last night. It was of short duration and investigation failed to reveal the cause. No damage was reported.

When the rumbling was heard many people rushed into the streets from their homes. Office buildings also felt the rumble, which apparently was of local character.
