(LOAN OF 1919)

TT 7E RECOMMEND City of Paris 5 % Bonds of 1919.

We advise the immediate purchase of these securit-

These bonds are payable in French money (francs).

French moncy (francs) because of the conditions

Before the war French Government or Municipal Bonds

Before the war French money or French francs were

worth their full gold value. The par value of the French

franc is 19.3 cents in terms of Canadian or American

money. Consequently before the war 10,000 French

Today the French franc is considerably below par.

It is worth around 4 cents. Consequently 10,000 French

francs are worth around \$400.00 in a dollar currency to-

day. A few months ago the franc was worth only 1.93

cents; then 10,000 francs were worth only \$193.00. But

the franc is recovering rapidly. Its value is increasing.

The total amount of the City of Paris 5 % loan of

1919, the bonds of which we recommend to far-sighted

investors, was issued in denominations of 500 francs.

In other words all the bonds that make up the Loan are

City of Paris bonds are not quoted at par at the present

time. Therefore to buy 10,000 francs i.e. twenty 500-

franc bonds, in the 5 % Loan of 1919 the investor does

not have to pay the exchange value of 10,000 francs

In the same manner as Canadian and American Govern-

ment securities were a few years ago quoted below par.

these Paris bonds are now selling below par in Paris.

Not long ago a Canadian Government Victory bond was

quoted at 92%. In other words a \$1000-bond could be

Paris bonds are selling around 70% of their par value

At the present time we are selling City of Paris 5%

These bonds are expected to go to par in terms of

bonds of 1919 at the rate of \$14.00 per 500-franc bond.

The price of twenty 500-franc bonds is therefore \$280.00.

francs before very long owing to the increasing demand.

same value as 10,000 francs French money.

made today will show a net profit of \$220.00.

In that event twenty 500-franc bonds will have the

The franc should sell at 5 cents within the near future.

The value of 10,000 francs French money will then be

\$500.00. Every investment of \$280.00 in Paris bonds

natural step. The value of 10,000 francs will then be

\$1,000.00. Twenty 500-franc City of Paris bonds will

be worth \$1,000.00. Today the same number of bonds

may be bought for \$280.00. Every investment made

today will show a net profit of \$720.00 when the franc

At 15 cents per franc the value of a 500-franc Paris

bond quoted at par will be \$75.00. Twenty 500-franc

bonds will be worth \$1,500.00. Today twenty 500-

frane bonds can be bought for \$280.00, and this investment

will therefore show a net profit of \$1.320.00 when the

When the franc is again at par it will be worth 19.3

cents, consequently every 500-franc Paris bond quoted

at par (500 francs per 500-franc bond) will be worth

\$96.50. Every investment made at the present price

City of Paris 5% bonds are gilt-edge municipal secur-

ities, legal investments for trust funds and savings banks

in France just a City of Toronto and City of Montreal

bonds in Canada, and City of New York and City of

Chicago bonds in the United States, are legal investments

traded in throughout the financial centres of the world.

City of Paris bonds always find a ready market. They

can be sold again instantly for spot cash at any time

We recommend City of Paris 5% bonds not only for

the opportunities for profits which they present, but also

because of the attractive interest income they return.

This interest is paid by means of coupons which can be

cashed at any bank in the world at the prevailing rate of

Every twenty 500-franc bonds (10,000 francs) of the

City of Paris 5 % Loan return an interest income of 500

francs per annum. This interest is paid semi-annually,

250 francs on February 1st and 250 francs on August 1st.

also increase in value, thus giving investors a larger

HERE PROPOSED

D. D. MUNRO, OF LAND SETTLEMENT BOARD, URGES CO-OPERATION BETWEEN CITY DEALERS AND INTERIOR PRODUCERS

Suggesting the establishment of a If you are planning to pur- marketing bureau in connection with chase a diamond for your- the Prince Rupert Board of Trade as self, or the engagement ring, one means of beneficial co-operation bewe invite you to consult us, tween the dealers in the city and the producers in the adjacent agricultural stones, your purchase from Munro, district representative of the districts of the interior, Duncan D. us, if a diamond, is your as- Land Settlement Board with headquarlters at Smithers, spoke briefly at the Our selection of diamonds annual meeting of the local Board of

Congratulating the retiring president

on the manner in which the work of the board had been despatched during the past year, Mr. Munro declared that in the twelve months there had been quite a change of feeling for the better on the part of the interior farmers toward the City of Prince Rupert. There was still, however, a great deal to be done in order to establish the right feeling between the producers of the district and the dealers of the city and give each a fair show. There was still discrimination which worked to the disadvantage of both particularly in the matter of prices. To remedy this, by ose copoperation, a fixed basis might be established for produce coming to the city. If the Board of Trade estabhed a marketing committee or bureau it would be possible to set market prices. Then the farmers would know what they were going to get and price cutting would be largely eliminated in the city. Such a bureau would provide reliable information for both producers and dealers so that they might deal on proper grounds. This would go a long way toward removing misunderstandings between the people of the city and the country. Mr. Munro also expreseed the belief that produce should be bought on grade instead of haphagard as in the past. This would be satisfactory to the producers and the consumers would be permitted to buy according to value.

Mr. Munro felt that the proposed Associated Board of Trade for Central British Columbia would be of great assistance to the district generally. He urged the Prince Rupert Board, however. to plan its visits to take place at times. when the interior people would not be

Approving the idea of a marketing bureau, President Fulton wondered if it would not be possible to publish wholesale produce prices here as was done in Vancouver.

FEELS THAT PRINCE RUPERT HAS NO REASON TO COMPLAIN OF PRESENT SCALE OF FARES FROM EASTERN CANADA

That Prince Rupert has reason to be satisfied with the present summer excursion fares from Eastern Canada and that further agitation on this matter may lead to a more adve, se rather than a more favorable scale was the opinion submitted by Sir Henry Thornton, president of the Canadian National Railways, in a letter read before the Board of Trade last night.

Sir Henry gave assurance that it was

his desire in every way possible to contribute to the growth and development of Prince Rupert as a trade and travelling centre but he had gone into this matter pretty thoroughly and he could not see where anything was to be gained by pursuing the subject further. The Canadian National was unable to dictate to United States railways in connection with the agreement on these rates. Already the same rates were offered to Prince Rupert over the transcontinental from the East as to Vancouver and Seattle and special inducements were made to have tourists take the water voyages north and south of Prince Rupert. The "Triangle Tour" was becoming increasingly popular and was drawing the attention of tourists | to Prince Rupert. Sir Henry felt that the present rates were to the best advantage of the city.

PRINCE RUPERT IS ASKED REGARDING PUBLICITY FUND

> The Canadian Board of Trade asked that an opinion be expressed as to which of the three following names was favored for the Dominion body: First, Canadian Chamber of Commerce; second.

Canadian Board of Trade; third, Canadian Board of Trade and Commerce. After some discussion, it was decided refer the matter to the legislative committee of the incoming board .

Frederick William Leeper, C.N.R. from the London (Canada) Board of division engineer, was elected a member ris. Trade and the Canadian Board of Trade of the Prince Rupert Board of Trade submitting the proposal that, in line last night, D. G. Stewart moving and speaking countries in the world, Boards mous ballot be cast in his favor.

value of various exchanges have taken place: The value of 10,000 Spanish pesetas has increased by

The value of 10,000 Swiss francs has increased by \$430.00

The value of 10,000 Swedish krone has increased by \$915.00.

The value of 10,000 Dutch guilders has increased by \$1,020.00.

\$1,150.00. The value of 10,000 Argentine peros has increased by

The value of 10,000 Danish krone has increased by \$1,300.00. The value of 10,000 Norwegian krone has increased by

ciation after the war. If, for the purpose of illustration,

France is now pursuing a policy of deflation which can have only one result: a rising exchange rate.

The recuperative powers of the French people were well established after the Franco-Prussian war. Although burdened with huge indemnities France quickly put her financial house in order and paid off all her obligations.

French Government bonds which had depreciated to 7% of their normal value during the period of depression, rapidly recovered their losses and soured above par. They will do the same again.

The record of the exchanges of other countries in recent years substantiates the belief that great nations always recover from the economic and financial depression caused by a war.

is drawn for redemption with bonuses.

we were to consider the Canadian twenty-five cent piece as the country's monetary unit, as has been done with the English shilling in the above illustration, then we may say that the value of 10,000 Canadian twenty-five pieces has increased by \$375.00 since the Armistice.

An Investment With

Fortune-Making Possibilities

The Swiss franc, the English pound, the Swedish krone, the Dutch guilder and the Danish krone have risen to par. The Spanish peseta, the Japanese yen and the Norwegian krone are quoted so close to par as to make a purchase of them unattractive now.

It will be admitted that France's losses in the late war were greater than those of any of the countries mentioned above, consequently the recovery of her money is taking longer, but there can be no doubt that 10,000 French francs will again be worth \$1,930.00.

5,960,000 FRANCS EVERY YEAR IN BONUSES

One 500-franc Bond A Year is Redeemed At 1,000,000 Francs, (\$50,000.00 With The Franc at 5 cents, \$193,000.00 With The Franc At Par)

MANY OTHER BIG BONUSES ARE PAID

WICE A YEAR a portion of the City of Paris 5 % Loan of 1919 is drawn for redemption at par, i.e. 500 frances per 500-franc bond. Six times a year (February 22, April 22, June 22, August 22, October 22, December 22) a portion of this Loan

The table illustrates the bonuses paid every year. The figures at the left indicate the amount of 500-france bonds and those at the right the number of francs which will be paid on each.

1 Bond will be redeemed at 1.000,000 francs. 5 Bonds will be redeemed at 200,000 francs each. 6 Bonds will be redeemed at 100,000 francs each. 9 Bonds will be redeemed at 50,000 francs each. 24 Bonds will be redeemed at 10,000 francs each. 36 Bonds will be redeemed at 5,000 francs each. 2,490 Bonds will be redeemed at 1.000 francs each.

Every bond is numbered, and after each drawing takes place a list of bonds drawn to receive bonuses is published. We keep a record of all bonds sold by us, and in the event of .. client's bond being drawn, he is immediately advised.

The fortune-making possibilities in Paris Bonds, beause of their bonus feature require little comment. With the 1 and at only 5 cents the value of the 1,000,000-franc bonus would be \$50,000,000. Yet a 500-franc bond which could receive this bonus can be purchased today for \$14.00.

Since the Armistice the following recoveries in the

\$409.00.

The value of .10,000 Japanese yen has increased by

\$1,250.00.

\$1,400.00. Even Canadian dollars suffered a fairly severe depre-

During recent months the French Government has instituted drastic deflationary measures. The floating debt is being consolidated. Notes in circulation are being consistently reduced. The State is making heavy repayments to the Bank of France.

The natural result of these measures has been, and will continue to be, a rising rate of exchange for the French franc.

It is, therefore, a question of time only before every 500-frane City of Paris bond will again be worth \$96.50, or every twenty 500-franc bonds \$1,930.00.

We recommend City of Paris 5% bonds while they are a genuine investment bargain. The table below shows the present prices and future values of various units of Paris bonds. These prices include every expense.

Now, while they are still comparatively low, is the time to buy these excellent securities. Use the order form provided. Sale will be confirmed upon receipt of order with remittance to cover amount of purchase. Bonds are forwarded by registered and insured mail.

The present prices are subject to immediate acceptance. Invest in Paris bonds before they are out of reach. We will advise you when you can sell and take your profits.
