Baker's Breakfast Cocoa

Means Something

The United States Food Standards define "Breakfast" cocoa as cocoa containing not less than 22 per cent of cocoa butter. Many cheap cocoas (which cannot be labelled "Breakfast" Cocoa) contain not more than 14 per cent or 15 per cent of butter.

Baker's Breakfast Cocoa contains not less than 26 per cent of cocoa butter, almost one-fifth more than Government requirement. The phrase Baker's Breakfast Cocoa means a pure, delicious cocoa of high quality and possessing a considerable amount of nourishment.

ELEVATORS AT HEAD OF LAKES PLUGGED

WINNIPEG, Feb. 4.—Elevators at the lake heads are virtually plugged, with 43,808,000 bushels in the bins besides stocks afloat in freighters being used as auxiliary elevators, and a complete tie-up in the eastbound movement is a matter of days, according to information received today. The all-rail movement of roughly 200 cars per day is the only source of relief for the congestion. The Canadian National Railway declared restrictions in force ten days ago which have not been lifted, and grain cars under load for the terminals run into thousands on Canadian Pacific tracks, it is learned.
