By MURIEL NARRAWAY

Canadian Press Staff Writer LONDON (CP)-It will be high summer at the Queen's coronation next year, but London's fur trade is out to take advantage of the occasion by showing the wide scope now possible in fur styling.

Since most of these furs come from Canada, Dominion visitors may be especially interested.

One Longon rurrier (S. London, Ltd.) says that for every 10 garments he sells, six are mink -and "all my best skins come from Canada." He also uses Canadian beaver, ermine and squirrel.

Previously dealing in trade orders only, this furrier now selldirect to the customer.

This furrier recently gave a combined show with one of London's coremost fashion designers (Charles Creed) as part of a move to emphasize the link between modern furs and the latest culture models.

Such coats as a Royal pastel mink, a development of mutation mink that resembles the won over some of the exquisitely tailored suits and dresses for which the designer is noted.

This coat, with the new narrow width and knee flare, wide sleeves that cuff deeply to threequarter length and an easy roll collar, costs £1,475. A North American visitor can buy it for this price with a deduction allowed for dollar sales. A home buyer must pay £1,475 extra in sales

# Inspected League Heads

Two members of the civilian committee of the Prince Rupert Air Cadet Squadron visited the armories last night to see the boys in action.

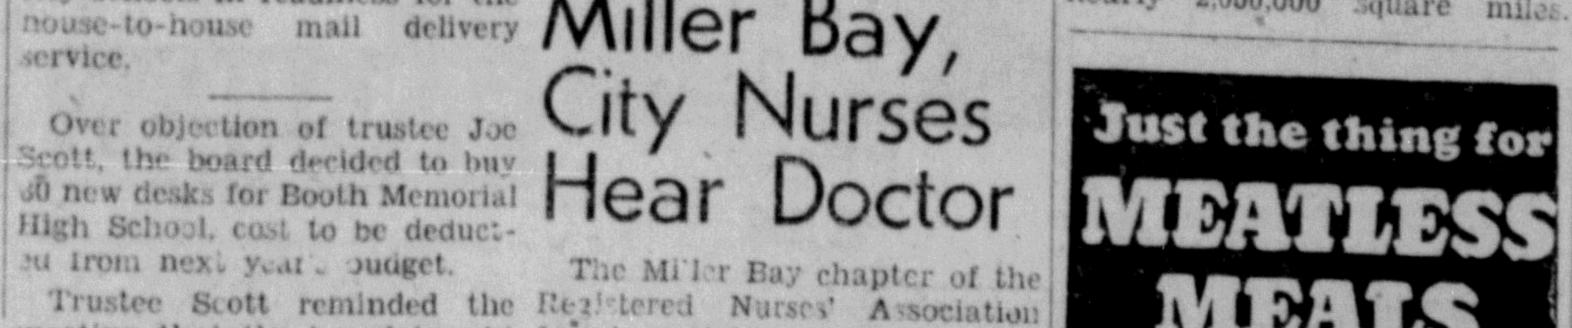

J. E. (Jim) Taylor, chairman of the civilian committee, was impressed with the progress the boys are making in drill and Murray Johnson attended a lecture on air cadet activities given by equipment officer Bill Bryant.

Forty-four of the 48 cadets were on parade.

### Bedtime Snack solves laxative problem

"Constipation made me sullen all day. What a change since I started to use ALL-BRAN regularly! Even my wife notices it!" writes man from Ville Montmorency, Que. If you suffer from irregularity due to lack of bulk, try a bowlful of this toast cereal every night before bed. It may bring back the youthful regularity you thought long lost. ALL-BRAN is the only type ready-to-eat cereal that supplies all the bulk you may need. It's high in protein and iron. Not habit-forming. Kellogg's is so sure you'll like ALL-BRAN that if you're not completely satisfied after 10 days, send empty carton to Kellogg's, London, Ont., and get DOUBLE YOUR MONEY BACK!

coat" for the slinkiest silk such a coat should be christened crepe dress or the latest thing for a Canadian province, the furrier replied that the name came from the style, not the fur. The original garment came in diagonal working on the wide, wild ranch mink and was repeated in other furs.

styles are a Canadian wild mink it for dinner tonight? with pleated collar and split adaptable cuffs, a pastel mink stole with horizontal working showing no joins, a light-weight Lake Superior mink coat, a bronze sealskin wth deep armhole tapering to petal cuff and a dark Canadian mink cape worked like a type of narrow cape worn in the Victorian era.

## 'Tall' Girls Recognized in Fashion World

A young woman, hitherto almost forgotten, ignored, or politely evaded is coming into her own in the fashion world. She is the tall girl. And by

"tall" designers mean 5 foot and over. Fashions for spring and summer this year placed additional emphasis on styles for the tall

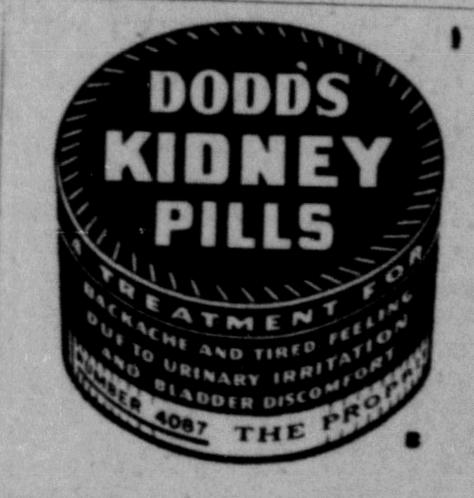

plight of this attractive woman. For too many years now, the tall, slender woman has been forced to wear clothes suitable for her smaller sisters, and to try her best to achieve dignity and grace in these clothes. This is no small task. But the tall after a long and hard-fought battle for fashions of her own, at last seems on the verge of

Chief reason for this is the trend of American designers acteristics of wild mink, With toward new and sleek styles for the new narrow width and the tall girl. Many manufacturers in the U.S. are catering to this type of woman, and the Canadian girls are fighting for their right to have equally as attractive clothes.

### EXPENSIVE BUSINESS

For the most part, Canadian retailers have found that to carry a separate line of clothes especially for the tall girl is an expensive business, since the clothes have to be imported from the United States, and because the number of tall girls, while rapidly increasing, does not war-
