P.G.E. REPORT

RECOMMEND THREE MILLION EX-PENDITURE-NOT IN FAVOR OF EXTENSIONS AND WOULD SELL ROAD

VICTORIA, Jan. 26.-Expenditure of \$3,000,000 on improvements and replacements on the Pacific Great Eastern Railway during the next three or four years is recommended by the directors of the line in their first report to the government which was tabled in the legislature yesterday. The report advises against any extensions of the railway this year and recommends that it be sold as soon as possible.

Large New Paper Mill on This Coast Will Result from Negotiations Closed

VICTORIA, January 26 .- Negotiations were completed today between Hon. T. D. Pattullo, minister of lands, representing the crown, and the Willamette Paper Co. of San Francisco which will result in the development of a Campbell River Falls power scheme at an estimated cost of \$15,000,000 within five years including the construction of the first unit of a paper mill turning out two hundred tons of newsprint daily, but which will eventually be increased to one thousand tons per

A \$5,000,000 British Columbia company will be incorporated this week and it is believed that the scheme will eventually lead to the establishment of a new town of from four to ten thousand people in the central region of Vancouver Island.

Interim Report May Be Given by Probe on Its Pacific Coast Findings

LLOYD GEORGE IS BOSS AGAIN

ABLE TO DIRECT DES-TIMES OF BRITISH LIBERALS AS HE PLEASES

LONDON, Jan. 26. - Llord George's ture of the Liberal machine means that in future he will be able to direct its destinies as he pleases, owing to the party's acceptance at a meeting of the Liberal administrative committee of his financial offer and his demand for the resignation of Vivian Phillips,

This is a personal triumph for the former premier, and although he has offered to provide capital to the amount of 300,000 pounds for the next election and an annual income of 40,000 pounds to be paid for the upkeep of Liberal headquarters, he is also considering how to preserve the entire fund so that it may be used to further the party's interests in case anything should happen to himself.

There is some talk around the disappointed followers of Lord Asquith of forming a new separate association but as yet nothing definite has been decided. Naturally Lloyd George is happy at this turn of events, but he has made it clear he will not relinquish control of the capital of his fund, neither will he say how much this capital amounts to, declaring it to be his own personal property.

BRITISH SHIP REACHES PORT

INNERTON, ALREADY FREIGHTER LINED, WILL START LOADING GRAIN AT ONCE

The British freighter Innerton, Capt. L. Nichol, reached port yesterday at 5 o'clock from Cardiff. Wales, via the Panama Canal having sailed on December 15. After passing quarantine, the vessel will move to the elevator dock and immediately proceed loading as she is already lined and ready to receive cargo. The vessel carries lining with her which was placed in position on the trip out. The Innerton is the usual type of vessel used in the carrying of grain. She has a crew of 32 British sailors and has a registered tonnage of

The Japanese boat, Seine Maru, now loading at the elevator for Shanghai, will not be ready to sail before Friday.
