

## A Watch to be Proud of

During the many years we have been selling watches we have never handled an assortment better than the new lot of imported watches received this Fall.

Since the war, owing to unsettled conditions, a great many inferior watches have been put on the bargain counters and many of them will not keep going more than a year.

One of our new makes has all the steel parts of stainless steel, which will not rust even if exposed to water.

## WAR AGAINST PETTING IS ON

QUIET PERSON TO PERSON DRIVE IN PROGRESS IN NEW YORK

NEW YORK, Jan. 4.—A quiet person to person, drive against "petting" is underway by the Y.M.C.A., Y.W.C.A., and kindred organizations.

There is no "war" in progress against the frivolous practice, nor is any sensational campaign planned, social workers for the organization declare, but they acknowledge that educational work is being carried on persistently to eliminate that class of youth who consider themselves more to be petted than censured.

And not all of them agree that petting is an unmitigated evil. Mrs. Eleanor Wombridge, woman referee of the Conyagah County Court, Cleveland, believes that petting in moderation is regarded in certain circles as a social asset.

"Whether they pet or not," says Mrs. Wombridge, "college girls as a rule hesitate to have any one believe they do not. Since petting may lead to romance, most girls say they must pet or be left behind."

There have been rumors here of a general campaign to be waged by the Y.M.C.A. against petting, but workers of the organization declare these reports grew out of a popular demand for re-publication of an article in a "Y" magazine by Dr. Max J. Exner on "The Question of Petting." Dr. Exner, head of the American Social Hygiene Association, says in it that "the essential harm of petting lies in the fact that it is a cultivation of a low order of love."

### THOUGHTFUL VIEW

"The best we can do," said Dr. Exner, "is for us adults to point out a thoughtful view to the younger people in the country. We cannot attempt to coerce them into any course of action—whether for or against petting. It is to be greatly deprecated that there has

be reference to this problem of "petting" as an isolated phenomenon. It is bound up with the whole problem of sex and social relationships and must be met in a large, educational way."

The Y.W.C.A. is meeting the problem, it was learned, through a special group called the family relations commission.

Under the National Student Council, a joint Y.W. and Y.M. organization, containing more than 200,000 young people, an attempt is being made to relate the problem of social relationship to the problem of religion.

Three thousand delegates from various college "Y"s, composed of men and women students, will gather during the Christmas holidays at Milwaukee to discuss religion and life. One of the topics to be discussed will be "What makes a student a flapper? A Sheik, a woman-hater?"

Mindful of the clamor against "immodest" dress, characterized as an "outrage" by Pope Pius at Rome yesterday, dress, ethics, morality, conduct and other problems will be discussed.

### WHEAT CARRYOVER INTO 1927 HEAVY

Pool is Holding Large Amounts; Vancouver Now Taking Shipments

WINNIPEG, Jan. 5.—Something over 200,000,000 bushels of unsold Canadian wheat has been carried over into the new year. This is the largest percentage of Canadian grain ever carried sold into the new year, members of the trade assert. In the exchange it is asserted the pool is the holder of the largest part of this carry over. This condition is largely due to the unusual quantity of damp and tough grain delivered in the west during the unprecedented weather.

Just now, about a million a day continues to be delivered from farms in western Canada. Reports on the exchange today showed heavy commitments for loading out of Vancouver, chiefly to the United Kingdom, with millers reporting no demand. Exporters had expected heavy business from the Orient this fall which has not materialized, said to be due to the unrest in China.

## FINGER PRINTS OF MURDERER

### GERMAN KILLER BROUGHT TO JUSTICE AFTER MAY YEARS OF WAITING

BERLIN, Jan. 5.—Finger prints discovered nearly three and a half years after Otto Seinicke left them on a window frame in committing a murder at Bad Oeynhausen proved sufficient to bring the crime home to him when he was arraigned recently.

Robert Bicker, a young bath attendant at the Oeynhausen spa, was shot and killed July 6, 1923, by burglars who had broken into the building he was guarding. Suspected of the crime, Seinicke and a companion, Heinrich Krueger, were arrested and tried but acquitted because of insufficient evidence.

The police never dropped the case, and recently made a new examination of the murder chamber, which had been left virtually untouched since the crime. High up on a window frame one of the experts discovered a set of finger prints, still distinct, although evidently made a long time ago. Comparison with those of Seinicke on the police records showed clearly they were none other than his. Rearrested and confronted with the finger-print evidence, Seinicke broke down and confessed.

### EIGHTEEN DIVORCES ARE GRANTED EACH MONTH IN VANCOUVER

VANCOUVER, Jan. 5.—An average of eighteen divorces a month are granted by Vancouver courts, according to information given out at the registry office. The total for 1926 was approximately 220. October averaged one divorce a day for the 31 days, the record for the year. There were 12 divorces cases in July and the same number in August. February had 16, March 16, May 17, June 18, September 21, and November 20.

1491 cases of all kinds were entered at the registry office during the year. This means that 15 per cent of all cases registered comprise divorce litigation.

### OLD COUNTRY WOMEN FAIL IN BUSINESS

Millinery and Dressmaking Head List of Female Bankrupts—Farmers at Top of Men's Class

LONDON, Jan. 5.—Women who failed in business last year are honored with a separate section in the annual bankruptcy returns.

They number 444. Millinery and dressmaking, with 47, had the greatest number of women failures. Of the rest 37 were drapers, 33 grocers, 21 clothiers and outfitters, and 20 lodgingshouse keepers. One woman doctor, four schoolmistresses, and one woman engaged in horse dealing and training were also adjudged bankrupt.

Farmers head the list of men with 368 bankruptcies. Grocers come next with 362, and builders third with 335. Pawnbrokers and shipowners tie for bottom place with only four apiece.

### LONDON VICAR IS ALSO SILVERSMITH

LONDON, Jan. 5.—In order to try and master a gradually dying art, and also to augment his stipend of \$1,500 a year, the Rev. C. G. Langdon, vicar of St. Matthew's Church in the City Road, has registered himself as a professional silversmith.

He works 20 hours a week on this side line in a workshop which he has fitted up in half of his big study.
