NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to-and at once.

OF ALL absurdities in the kingdom of foolishness. surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

Track for Electric Hare is Being Installed and Sporting Events Will be Held

32 COMPANIES FORMED

Dogs May be Brought From America for Big New Concern Near London

LONDON, Sept. 15 .- The cables carried a story recently of the purchase he Wembley Stadium by a syndicate with Major-Gen. J. E. B. Seely as its [head for the purpose of making it a course for greyhound racing, which has had an extraordinary growth in popularity in a little more than a year. On July 24, 1926, the first electric hare coursing track in Great Britain was opened at Manchester. London's first track was opened at the White City on First Round of Big Golf Tourna-June 20 this year.

Since the beginning of this year 32 greyhound racing companies, with a total nominal capital of £335,400, have | Harry A. Jones of the Shaughnessy been registered in different parts of Heights Club, Vancouver, present holdthe country.

syndicate to bring over dogs from Amer- final bracket is considered to be J. E

CAPITAL \$1,035,500

The syndicate is known as the Wem bley Stadium and Greyhound Racecourse Limited, and it has a capital of \$1,035,500. The syndicate has floated a loan publicly in connection with the financing of the deal.

The scheme is to develop the Stadium as the greatest centre in the Kingdom for greyhound racing-four to six meetings a week to be held during the season, and one a week, on Saturdays, in the winter.

Rights have also been secured for International Rugby matches, and the Cup Final will still be played at the Stadium. Athletic meetings, baseball, boxing and tennis are also promised. ROOF OF GLASS PLANNED

A scheme for covering the arena with a glass roof has been suggested and found feasible, but will not be carried! out for some months. The roof would be made of sections of glass, operated in summer as shutters and closed in winter to complete a novel heating and wentilating system.

Work on the track for the electric hare will begin in a few days, and it s hoped to start racing in the late autumn. A Dog Derby for a prize of £1,000 and a gold cup will be one of the pening events.

Arrangements are to be made for special trains and excursions to Wembley.

NEW SCHEDULE FOR JUNIOR FOOTBALL LEAGUE IS DRAWN

In future the schedule of the Junior Football League will correspond with the school terms and there will be no scheduled games during the long summer vacation as has been the case in the past. It was so decided at a meeting of the Junior League last night with President J. S. Wilson in the chair and Miss S. A. Mills, secretary; Thomas Peddie, S. G. Harris and W. W. C. O'-Neill present.

Booth School, having cinched league honors this year, was declared the winner of the Rochester Shield. The final standing is as follows:

SEPTEMBER 17-High School vs. Borden Street. 24 Borden Street vs. Booth School. OCTOBER.

1-Booth School vs. High School. 8 Borden Street vs. High School. 15-Booth School vs. Borden Street. 22-High School vs. Booth School.

The World Series of this year, no should be the greatest ever from a Orchestra practice every Friday at money making point of view. Many who have journeyed from distant points stay for this series. If Chicago is fortunate enough to emerge on top in the older league, they will reap a rich harvest, especially if the series should open there. Speculation on who will win the World's Series of 1927 must await the more important question. who will oppose the Yankees? From this distance, it looks like St. Louis to win. They have played steady ball, and can be depended upon to fight to the last ditch. Many favor Pittsburg. but it doesn't look like a pennant year for the Smoky City. If it were not for the fact, that a Giant win, would mean an all New York World's Series contest, Muggsy McGraw would be the most popular winner. It would be fitting climax to a wonderful career. should the Giants win both the National and World Series. The white haired leader of the Giants could turn over the reins to Rogers Hornsby with a sigh of satisfaction, as it is felt this is the last year the great McGraw will actively lead the Giants.

If you are going to the Dempsey-Tunney fight, take with you a pair of field glasses. If you should happen to hold a so-called ringside seat, you may need to call a taxi to get near the ring. Those occupying other than ringside seats, will find the airplanes handy in reaching the front. The packing houses in Chicago are working night and day now making hot dogs for the hungry mob. Concessionaires at Soldiers' Field next Thursday, will recall for many years the Dempsey-Tunney fight of 1927, as a record that may stand for a

FLY-TOX

FIRST IN AUSTRALIA.

The Australians have shown by their purchases that Fly-Tox is their choice for killing all household insects. It was necessary to establish a Fly-Tox factory at Sydney in 1925. Its capacity has been increased four-fold to supply the growing demand. Fly-Tox is the scientific insecticide that was developed at Mellon Institute of Industrial Research by Rex Fellowship. Fly-Tox also kills moths, mosquitoes, roaches, spiders and bed bugs as well as flies.
