LIGHT" WITH SEA "NORTHERN SCOUTS ABOARD IS ABOUT DUE

Intimation has been received here that the auxiliary diesel schooner "Northern Light." now in this neighborhood northbound, may call at Prince Rupert on her way to the Arctic. The boat is owned by John Borden, of Chicago, and it is interesting to note that the crew consists of a party of American sea scouts. Mr. Borden spent several months hunting for young men who would be equipped both mentally and physically for undertaking what is quite a hazardous journey to the Arctic Circle, and finally found exactly the type of young men he wanted among the sea scouts.
