Had Salt Rheum. All Over Her Hands

Mrs. Herbert J. Mason, Grand Falls, N.B., writes:-"I had salt rheum all over my hands and especially between my fingers. It got so bad it was impossible for me to put them in water or do my housework. After trying many medicines and salves, that did me no good, I heard of

Jimmy Thomas, Mr. and Mrs. A. J. being so wonderful, and after taking three bottles I am entirely relieved of daughter (Victoria), and Miss Jean my trouble. I am sure I can't recommend B.B.B. too highly to those who have salt rheum like I had." B.B.B. is manufactured only by The

SPITE OF CONTRARY OPINION HEIR TO BRITISH THRONE IS CLEVER HORSEMAN

MELTON MOWBRAY, Eng., June 7 .in spite of popular opinion to the contrary the Prince of Wales is a good rider. Although scarcely six years have passed since he made his debut in the hunting field he can more than hold his own in any company.

It was in November, 1921, that he underwent a strenuous and strict schooling under Captain George Drummond. The prince then owned but one horse, an aged black mare, said to be valued at only a few pounds. Today the royal stables at Craven Lodge, Melton Mowbray, contain some of the finest hunters in England.

"Passport Two," the prince's favorite, who figured in many steeplechase events last season, "Just an Idea," "Son and Heir," "March Maid," "Hard to Find," "Pikenvan," and "How's That," are among the fourteen animals.

Overlooking the stables is the prince's hunting flat, one of the plainest abodes in the hunting town. The walls of the staircase leading from the small entrance hall to the royal suite do not possess even a coat of plaster.
