JAPANESE FISH LICENSES, DOMIN-ION DAY CELEBRATION AND AUTO CHARGES AMONG MATTERS DISCUSSED LAST NIGHT

The regular monthly meeting of the Prince Rupert Board of Trade last evening was mostly occupied with the reading of correspondence and the receiving of reports of committees.

The deputy minister of marine and fisheries wrote the board in respect to the redistribution of Japanese licenses and intimated that there would be no change in the policy of the department. The communication stated that the recommendations of the fisheries commission made in 1922 would be adhered to with regard to the gradual elimination of Orientals from the fisheries. PRESENTATION MADE TO LATE PRE SIDENT WHO SAW MUCH DEVEL-OPMENT DURING 1926

In recognition of his energetic work as president of the Prince Rupert Board of Trade during the year 1926 in which period there were several epochal happenings in the development of Prince ably inscribed and containing wheat from the cargo of the steamer Aden Maru, first grain ship to load at Prince Rupert.

The presentation was made by G. A. Woodland who delivered the following address:

It affords me very great pleasure to be deputed by the president to perform the pleasing function of making this small presentation to our ex-president, Olaf Hanson, as a memento of his year as president of the Prince Rupert Board of Trade.

Mr. Hanson has not only proved himself an excellent official by attending to even the smallest details of any matter which came before him, but during his year 1926, which was an epochal one, the first shipment of wheat from the local elevator was made. To mark this auspicious event and to show our appreciation to a board of trade president who, as we all know, worked consistently and hard to bring about this happy state of affairs, we, the members of the Prince Rupert Board of Trade, present to you, Mr. Hanson, this small token of our appreciation, which consists of a small cut-glass bowl with silver cover suitably inscribed, filled with wheat from the first cargo shipped from Prince Rupert on the Suzuki Line

steamer, "Aden Maru." OTHERS DESERVING

There are several gentlemen, also members of this board, who did excellent work in putting this port on the map through wheat exportation. I refer to Fred Stork, F. G. Dawson, J. W. Nicholls, M. P. McCaffery and G. W. Nickerson, and I feel sure that, in making this presentation, we should couple their names and tender to them our sincere thanks for the untiring and capable work they performed.

We sincerely trust that you may long be spared to enjoy this small token and that your further activities may be
