

THE LABEL IS RED AND WHITE

Its Uniformity Makes it Good For Baby!

ONE of the great advantages of Carnation Milk as a baby food is that its goodness never varies.

Another advantage Carnation offers—the Carnation process of "homogenization" breaks up the fat globules and makes Carnation very easy to digest.

All the food value of milk is in Carnation, for Carnation is just pure, fresh milk evaporated to double richness and kept safe by sterilization.

CARNATION CARAMEL TAPIOCA—One-third cup tapioca, 2 cups Carnation Milk diluted with 2 cups water, 2 small eggs, few grains salt, 1 cup light brown sugar, 1 cup broken nut meats.
