NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to-and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

JASPER, Aug. 5 .- The report which circulated that Sir Henry Sir Henry suffered an attack of intestinal flu but he has entirely recovered and was never in better physical condition than at present.

Seen yesterday in connection with it is quite true. I had a bad stroke yesterday. In fact I had four bad strokes in quick succession. They occurred near the fourteenth green on the golf course. The first bad stroke one of the worst I ever suffered, got me into the bunker and I had three more bad strokes before I got out."

"Thanks to the recuperative qualities of Jasper, I hope not only to improve my health but my golf as well and to be able shortly to do the course in par. I strongly recommend Jasper to those who desire to improve their health and

CADDY BIRD LATEST WONDER OF NATURE JASPER PARK LODGE

JASPER NATIONAL PARK, Aug. 5. The pink tea hound and the lounge lizard are well known in most social circles, but as far as is known the only caddy bird in the world is to be found on the Jasper Park golf course. made its appearance two days ago when Sir Henry Thornton, president, and S. J. Hungerford, vice president of the Canadian National Railways, were playing from the seventh tee and it followed them as far as the tenth tee. Each day since, it has repeated the performance and is also favoring other players with its company.

It is a little brown and white bird known locally as the buffalo bird. For its size it shows excellent golfing judgment. When a ball is well hit it flies to the point where the ball stops and waits for the approach of the player. If the ball is sliced into the woods it refuses to follow.

On the greens the bird observes the etiquette of the game by standing off to one side and makes no move until the ball is holed. At the tenth tee it regales itself with a drink from the water of the wishing well and returns to the seventh tee, like any well mannered caddy leaving the playing of the nineteenth hole to the golfers them-
