GOOD REPORTER IS HIGHEST AMBITION

As Millions Read, So Will They Think, Says Associated Press Superintendent

ANNAPOLIS, Md., May 12. — One can have no higher ambition than to be a good reporter, Edward McKernon, eastern superintendent of the Associated Press, said in an address to the second Tri-State Interscholastic Press Conference at St. John's College. "If I may make bold to suggest anything to you who are contemplating journalism as a profession, it is that you concern yourselves first of all with your state of mind. The important thing now is your conception of journalism.

"If by any chance you see in journalism only an opportunity to play upon the human emotions; to try to paint the life of facts and with scolds and groans and shrieks make salable that which has no essential importance as news; then, I beg of you, renounce this journalism and be content to make an honest living.

"Journalism is the profession of observing and reflecting the facts and significance of current events. That is our mission. The future of society is in our keeping. For as the millions read, so will they think and act. The

EXPORTING ALBERTA SEEDS TO DENMARK

LETHBRIDGE, Alta., May 12.—The sale of Grimm's alfalfa seed, grown in the Brooks district, and shipped to Denmark is claimed as another "feather" in Alberta's cap.

For some time past, experiments have been carried on in Denmark with this particular seed.

So successful have these been, that the Danish growers purchased two carloads, representing 5,000 pounds. The Danish growers would have taken twice that amount had it been available, but owing to United States growers placing large orders, the local seedmen have not been able to keep up with the demand. Growers of Grimm alfalfa seed have been paid \$40 an acre clear for their product.

Ten Years Ago in Prince Rupert

The Board of Railway Commissioners has recommended that the government take over the Grand Trunk Pacific Railway.

Chief Gannon of the provincial police received a wire this morning from Constable Broughton of Bella Coola saying that two Indians had been murdered at Kimsquit. He and J. H. McMullin, coroner, will leave for the scene as soon as possible.

Jim Maher of Khutze Inlet near Swanson Bay put a gun to his mouth and shot himself dead according to information received today by the provincial police. Constable Birchall of Port Essington will go to investigate.

REMOVAL OF CHICAGO RIVER IS PROPOSED

Stream Now Flows Backward But is Useless as an Appendix

CHICAGO, May 12. — Chicago will some day have to go through another major operation—for the removal of a river. The stream—also named Chicago—is unique among rivers in that it flows backward, but city planners have come to the conclusion that it is as useless as an appendix and should be removed.

Major Rufus W. Putnam, chief engineer of the Chicago harbor plan and former government engineer here suggests that the stream, which virtually makes an island of the "loop," be moved to the far south side where it would be confluent with the Calumet river. This would end the expense of constructing bridges and eliminate loss of time in raising and lowering the
