POPULAR APPOINTMENT TO SCHOOLS

The appointment of Miss Mercer as principal of the Booth Memorial School will be a popular one for Miss Mercer has been teaching here a number of years and has done excellent work throughout that time. The policy of the board in giving promotions to members of the staff is one to be commended for it encourages the teachers to give of their best and is a fitting reward to them for good work well done.

If people knock you, the best thing to do is mind your own business as an object lesson to them.

As a visitor to the city remarked, it is ridiculous to think that from Friday afternoon there will be no more mail arrive until Monday afternoon.

If the mail arrived every day it would be much easier than at present for the post office staff as the work would be more daily Screen equalized.

A village is a place where the mail arrives only three times a week. Why remain a village?

CONDITION OF NORTH COAST NATIVES

The condition of the natives on this coast is an excellent one and they are not demoralized by having any handout from the government. They take their places in a great many respects as citizens of British Columbia except that they usually live on reserves and do not vote. They might vote if they left the reserves.

The natives are steadily improving their condition and earning the respect of the white population. They take a prominent that was necessary to revise the idea part in the fishing and trapping and also engage in logging. Those are their chief occupations. Many of them are excellent carpenters, building their own boats and houses and as mechanics they run "back lot" at Universal City, where a their own gas engines. Now the interior Indian are going in for great tract of land had been used

The advice given to the Negroes of the south by Booker Washington applies also to the natives on this coast. He advised them to make a stake in the community, to be industrious, to purchase real estate or other property and carry on as decent self-respecting citizens and they would soon earn the respect of everyone and looked up to instead of being looked down upon.
