ASSOCIATED BOARD OF TRADE USEFUL

The Associated Board of Trade formed at Smithers yesterday a home run being the only tally in should prove to be a very useful organization, if only in permitting the members to compare notes and to learn to know and understand each other better. It should prove a unifying factor in the country which it serves and will help to counteract the dividing propensities of political organizations.

The new board will be able to take up matters of common interest to the whole northern and central part of the country and to Gyros. The Sons scored in the first unite their forces in trying to secure improvements.

CONSERVATIVE VICTORY IN OKANAGAN

At this distance it is difficult to know what is the meaning of the Okanagan election. K. C. McDonald was elected on more than one occasion and then when he received the appointment as a cabinet minister he was defeated. Again he comes back to his constituents but again he is rejected. Probably he will not ask them again but will retire in favor of some other candidate.

It is to be presumed this victory will be considered a feather throw. Menzie walked and Astori struck in the cap of the new Conservative leader, Hon. S. F. Tolmie, who out. LEARNING ENGLISH LANGUAGE

Sometimes we are rather shocked in Canada when we hear of a small community that cannot speak the English language, the language of the British Empire. Yet it comes to light that in outlying parts of Scotland the language is not spoken to any extent. Transportation is an active factor in breaking down old customs and transportation is what those sections of the Empire need. It is satisfactory to know that in British Columbia there are very few who cannot associate with the rest of the people owing to the language bar.

Incidentally it may benefit us because every legitimate first after Loblick was out, McKeown to deal benefits both parties to it. So when it was announced that the stork. With the Regiment making such good showing in the Stuart Shield series, albeit that it was too late, supporters of the soldier boys and others, too are looking for them to have better success in the Dominion Day cup football competition. A break or two of bad luck was all that stopped the military men from at least tying the Moose in the first series of the year. They would seem to have a good chance of going over the top in the second.
