ROBERT FORKE VISITS HOME OF HIS BIRTH

LONDON, June 11.—It is just forty-five years ago this spring since a young Scots lad left a farm in Berwickshire to seek his fortune in Canada, now he is visiting his native Isle as Hon. Robert Forke, minister of immigration and colonisation in the government of Canada. His father was a tenant-farmer on the estate of Lady John Scott, of Spottiswood, a celebrated character on the Borders, who was the authoress of a number of Scots songs, composed the air and last verse of "Annie Laurie," and remained an inveterate Jacobite until her dying day.

Young Forke, who was born in 1860, got his education at the village school and went to work at an early age on the paternal farm. But farming on Berwickshire uplands soon lost its attractions when he read of the wonderful fertility of the Manitoba prairie, then being opened up for settlement, and when he was twenty-years of age he joined the annual hegira of young Scots farmers who were heading for the new agricultural Eldorado. He secured a free homestead of splendid land on the banks of the Pipestone Creek, in southwestern Manitoba, and forty odd years

of skillful and strenuous labor have transformed the raw prairie into a fine farm and brought its owner comfortable prosperity. The original homestead of 160 acres is now only a small part of Mr. Forke's holdings, which embrace 1,280 acres.

From his earliest days in Canada Forke found time to take an active interest in local administration, and served as Reeve of his local municipality for twenty years. He was one of the first Liberals in Manitoba to renounce publicly his allegiance to Laurier on the description issue, and strongly supported the formation of a Coalition Ministry in 1917. When it melted away, four years later, Forke threw in his lot with the new Progressive party, and at the election of 1921 was returned in its interest as member for Brandon. At the last election he stood and was elected as a Liberal-Progressive, and when Mr.

School Girl's Nerves
Lost year's time from school with St. Vitus' Dance.—Completely restored by Dr. Chase's Nerve Food.

The anxiety and strain in connection with school life and examinations are too much for many girls who are naturally of a nervous temperament or have become so as a result of anaemia or a run down physical condition.

Nervous conditions are most difficult to overcome and there seems to be no treatment to compare with Dr. Chase's Nerve Food to restore exhausted nerves. Children's health responds quickly to this well known restorative treatment.

Mrs. George A. Moot, St. Anns, Lincoln Co., Ont., writes:—
"Our daughter, who was never very strong from birth, at nine years of age became all broken down, suffering from what the two doctors we consulted called "Midnight Walk," which was caused from overtax at school. She seemed to show symptoms of St. Vitus' Dance and had queer spells, something like fits, at nights. She was out of school for a whole year, as her nerves were so bad. Acting on a friend's advice, we gave her Nerve Food and after a few months' time we began to see a noted change in her, so we kept on with the Nerve Food until she was completely relieved and for the last year she has been absolutely free of the old trouble, sleeps well and is doing fine at school. Now we are never without Dr. Chase's Nerve Food in our house, as we owe our daughter's health to it."

New rich blood, steady nerves, new energy and new vigor come with the use of Dr. Chase's Nerve Food. 60 cts. a box, all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto.

King reconstituted his cabinet he accepted an invitation to enter it as minister of immigration and colonisation.

So now the immigrant youth of 1882 finds himself the responsible head of the whole Canadian machinery of immigration, colonisation, and land settlement. He is particularly concerned with the encouragement of British immigration which, despite the gratifying increase visible this spring, is still too thin a stream, and one of the objects of his present mission is to confer with the officials of the Overseas Settlement Board about fresh schemes for stimulating the transference of Britain's surplus population to Canada.

DRIVE FROM WHITE ROCK, B.C., TO MONTREAL ON WAY TO ISLE OF MAN

MONTREAL, June 11.—Mr. and Mrs. J. W. Champion and two children drove an automobile from White Rock, B.C., to Montreal, travelling 4,451 miles during the month of May.

Their trip of adventure was undertaken to join the Manxmen's Home-Coming Tour which left Montreal on June 3 on the White Star liner Albertic, direct to the Isle of Man. Their trip was the direct outcome of a legacy recently left to Mr. Champion by his father.

For seven years they had travelled a rough road and when the legacy came Mr. Campbell decided to buy a car, motor to Montreal, and join the Manxmen's Tour here. They travelled by way of Seattle, Portland, Salt Lake City, east to Detroit, then to Chatham, Ont., Toronto, and on to Montreal. They had only three blowouts on the road but these were unimportant compared to a mishap in the American west when they collided with another car, an accident which nearly cost the party of four their lives. Fortunately the car was not damaged and they were able to continue on their way.

At Salt Lake City they were delayed for two days by a snowstorm but this was the only severe weather they encountered and as they proceeded east they found the journey enjoyable.

The running expense of the trip, outside of food, amounted to \$80.96, which included 176½ gallons of gasoline, costing \$36.31 and expenses for oil, grease and repair of blowouts amounting to \$14.65.

On some parts of the trip they had to carry drinking water with them as, Mr. Champion said, in some parts of the American west they drove for at least 100 miles through sage brush where there was a shortage of drinking water.

The party will stay in the Isle of Man until September 9 when they will embark on the White Star liner Albertic for Montreal from where they will drive home to White Rock, B.C., through the Canadian west.

CANADIAN FISH AHEAD

Canadian halibut landings at Prince Rupert for the season are now in excess of the total at a similar date last year. The 1927 total now stands at 2,721,200 pounds as compared with 2,710,500 pounds at a similar date in 1926. American landings are also coming up well and now total 7,152,600 pounds as compared with 7,903,200 pounds last year. The grand total to date is 9,873,800 pounds as compared with last year's 10,613,700 pounds. With the promise of good weather for a while and weekly records of late showing general increases from corresponding periods last year, there is reason to hope that the present season, even though it did have a bad start, may yet get ahead of last year.

During the past week (Saturday and Friday inclusive) a total of 692,700 pounds was landed here—American ves-

The Essex Sedan

The finest, roomiest, most beautiful Essex ever built—the acme of luxury with the perfection of Super-Six performance.

Its new and original type of body construction adapts the best practice of airplane fabrication, combining the strength of steel with the lightness of aluminum. It makes possible the roominess of the light car without the penalty of weight or sacrifice of nimbleness and economy.

And with its superb and luxurious body, remember, ESSEX IS A SUPER-SIX. It differs from all other sixes—not by little margins—but bold, vivid advantages that instantly stand out from all comparison.

No car of any price excels its easy riding qualities.

Here is economy, engineered not only to savings in fuel and oil, but particularly to freedom from early depreciation, and to lowest maintenance costs.

This Sedan satisfies every requirement of motorists accustomed to big car roominess and comfort, and is a revelation to those who have heretofore measured luxury only by price.

THE SUPER-SIX PRINCIPLE AMAZINGLY REVEALED

— PRICES —

Five Passenger Essex Super-Six Sedan, complete, fully equipped .. \$1,360.00
Five Passenger Essex Super-Six Coach, complete, fully equipped .. \$1,260.00
Five Passenger Essex Super-Six Coupe, complete, fully equipped .. \$1,260.00
