ART-RUGS

Safe, Speedy Ralisf from Pain

Magical for Headaches

Rheumatism and similar forms of Pain almost always yield to the T-R-C's (Templeton's Rheumatic Capsules) treatment. Your druggist can very likely tell you how greatly T-R-C's have helped some of his own customers. To see even a few of the hundreds of testimonial letters in our files, would convince you that T-R-C's are entraordinarily successful in the treat-

If you read our booklet carefully you will understand why the T-R-C's treatment is so successful. But wouldn't it be better to know how successful T-R-C's can be by using them for your own Pain? Get a 50c or \$1 box from your druggist, or send 10c for booklet and generous trial to Templetons "K". Toronto 2.

#### PROVINCIAL GOVERNMENT STARTS HOUSECLEANING.

Following the example of the federal government, the provincial administration has decided to institute a clean-up in its services particularly in the matter of liquor affairs. The government is to be congratulated on its courage in taking the bull by the horns and, eral Mining and Smelting Company on at the risk of bringing discredit upon itself through the failings of the Li-Li-Kell claims, located on the its officials or employees, meeting the demands of the public for searching investigation into its services. Stronger is the government that has wrongdoing and corrects it than one whose officialdom is of Pemberton. A very high grade silver so clean that it needs no rectifying. The attorney general seems to ore is found on this property. be embarking upon a campaign of general housecleaning which will be admired and appreciated by the public.

#### IS MOST OUTSTANDING NEED AT PRESENT TIME.

One of this city's most outstanding needs at the present time death. When ownership was finally es- | W. E. Present operations do not at all is high time that something were done about it. The property loss involved in such a gale as that which struck the waterfront last week would hardly have to be doubled or trebled to give the boats eer mine, located on Cadwallader creek where he has been transferred. suitable protection. The importance of the desired project cannot be over emphasized and there should be a general demand on the proper authorities to have the need met without further dlay.

#### COMPARING DEALS OF STEWART AND TOPLEY.

Up to the point of wildcatting, all the world loves a booster. how one of the most important and most of the business was transacted by The editor of the Portland Canal News at Stewart is that, but in the province and promises a still brighter committees which generally held longer giving three rousing British cheers over a mining deal recently con- future. The adjoining property, the sessions than the council. cluded on a Marmot River property it was hardly necessary to at- Coronation, has come under the same tempt to ride to glory on the shoulders of any other district. In a management and seems likely to become The indemnity by law providing for spontaneous outburst of enthusiasm the Stewart editor became madly equally profitable. Still another neigh- the salaries of the mayor and aldermen tangled in its comparisons with the deal on the Taylor property at boring mine, the Lorne, has benefitted was read last evening and laid on the Topley as a means of setting out in relief a deal that-means much to Portland Canal.

The Stewart paper describes the Marmot River transaction as Syndicate has added materially to the the same as last year. "without doubt, the finest deal made on a mining property in Brit- ore reserves of the Ruth-Hope mine. Proish Columbia in the last two decades." This statement truly takes duction from this district has also been # in a lot of territory and much time, but the editor proceeds to calmly increased by the development of the give figures to show that it is nothing of the kind and comes far McAllistor, Lucky Jim and Whitewater from having "the Taylor deal faded." We also question the state- mines. The Monarch mine, near Field. ment that "Portland Canal district comes along all the time with a may become a large producer of lowlittle better results than any other section of B.C. can produce in grade lead-zinc ore. any respect."

In the Marmot River deal the Premier people take over the worthy discoveries made during the Prosperity group of seven claims on the basis of \$20,000 cash on a season, according to Dr. Dolmage. On bond for \$125,000 for 52 per cent interest. The Taylor property of Marmot river, which enters the eastern only five claims was turned for \$10,000 cash on a clear bond of side of Portland Canal near its head, a Terrace. I see the idea is to build the \$200,000. These are the main facts; the comparative details tell a three-foot vein of pure galena carrying road along the Skeena. different story.

Prosperity group adjoins the Porter Idaho, a property on which a great deal of work has been done for a number of years, Jancowski, Davies and Watland. At Tpo- Ruperts What matter if it is a little Stepp; ladles' second. Mrs. Lee Dell; and which, according to the Stewart paper, has been "somewhat of ley, on the Edmonton-Prince Rupert sec- longer? The longer it is, the more nen's first, J. Howe; men's second, Lee a spectacular producer." Everyone knows that a wealthy neighbor tion of the Canadian National Railways, country it will open up. Land along Dell. lends class to the surroundings, whether it be a mining prospect or 90 miles east of Hazelton, a large sur- the route would be found useful for Whist-Ladies' first, Mrs. M. Leek: just somebody trying to keep up with the Jones, and this nice neigh- face showing carrying good values in different purposes, such as chicken and ladles' second, Mrs. D. McCulloch; men's bor was no doubt a big factor in the Prosperity deal. Then, again, gold was discovered early in the summer. hog ranches, vegetable gardens, coun- lirst, B. R. Wilson; men's second. Joe the Prosperity shipped thirty tons of ore to Trail from which \$6,- This has attracted muct attention and try homes, work for unemployed cut-Ratchford. 500 was returned, and it is quite clear that the Premier did not buy is at present bonded at a high figure. ting cordwood and a chance for pros- After cards, refreshments were served a prospect, because the effervescing Stewart publisher says that "It . . . . must have been recognized by the purchasers that an amount of ore worth more than the cash payment has been exposed by development."

So, then, we have the Prosperity slam bang up against a "sen-though this is far from present transpor- never agree to spend so much in the sational producing mine," and itself shipping thirty tons of \$215 ore. tation facilities it is nevertheless at north. My idea would be for the city Both the Prosperity and its neighbor have been under development tracting much attention because of its to employ a couple of experienced for several years, but to add glamor to the deal the Stewart paper finds it necessary to compare this with the Topley property discovered seven months ago that has never shipped a pound of ore and has had barely \$1,500 spent in development.

For a display of the kind of sportsmanship in mining so much River country. Prospecting has become construct it and operate it as a toll to be desired, and on the aphorism of "a bird in hand" the crown much more active in this region and road. The province might help with a will go to the Standard Silver-Lead Company and for comparative would expand should plans be made to land grant.

We do wish our Portland Canal friends every success in our way. friendly rivalry for the greater good of B.C., but it hardly becomes necessary to compare a raw piece of ground with a mine that has been developed for years.

But Stewart has talked in similar tons all the way from Main Reef to Marmot River. Much of it they don't mean, and much of it means nothing .- Interior News.
