

THE LABEL IS RED AND WHITE

Its Goodness NEVER Varies

CARNATION MILK is not only the finest, most completely useful milk you can buy—but its high quality is always the same. You can depend on it day after day, year after year. Always, every time, it adds the same wonderful flavor, smoothness, richness, whenever you use it.

For Carnation quality and uniformity is protected right from the source to you. We maintain the Carnation Field Force whose sole job is to watch the production of the milk on the farm. The freshest, richest milk only is accepted at the condensers—whisked rapidly through cooling rooms, evaporators, homogenizers and into the tins, there to be hermetically sealed for delivery to you, fresh and pure as when it left the condenser.

Order Carnation Milk from your grocer—several tins or a case of 48 tins.
