"OXO" feeds the family's needs

The family needs good food—especially young children. "OXO" *is* good food, because "OXO" is the concentrated nourishment and goodness of prime lean beef in the most assimilable form.

Add "OXO" to your meat-dishes—soups, stews, hash, croquettes—and see how much better they taste—and how the children will enjoy them!

Give the children a cup of hot "OXO," too, when they come home from school. "OXO" warms and strengthens as well as feeds.

CHILDREN'S PUZZLE

A delight to every child. Two picture puzzles in one—72 pieces. Sent to any address on receipt of 30 "OXO" Cube wrappers.

The indemnity bylaw, providing for the mayor's and aldermen's salaries for the year was finally adopted last night at the meeting of the city council.

Mrs. D. McD. Hunter, who was called to Vancouver on account of the serious illness and subsequent death of her mother, will not be returning to the city until after the end of this month.

A by-law to amend bylaw 533 which, it was explained by City Clerk E. F. Jones, meant the changing of a rate of interest from 5½ per cent to 5 per cent, was introduced at the meeting of the city council last night.

Alderman W. J. Greer asked the city clerk last night what progress had been made in securing the necessary petition for a road on Summit Avenue and was informed that the petition had not yet been completed.

The Board of Works recommended to the city council which adopted the report last night, that a sidewalk and guard rails be constructed on McBride Street between Seventh and Eighth Avenues. The work will be paid for out of general fund.

Trappers! Call and show your furs to the Old Reliable House. It will pay you as we can guarantee to give you higher prices than anyone else. We have big orders for all kind of furs, especially mink. Wm. Goldbloom, Second Avenue. Phone 522. tf

The halibut boat owners, who had signed up the forms making application for group insurance on their boats, have taken a ballot and decided to award the insurance to W. H. McCallum whose tender was the lowest received when bids were asked for.

A bylaw was introduced into the city council last night to amend bylaw number 584 which covered the construction of a roadway on Seventh Avenue. It had been deemed unwise to proceed with the completion of the street at present and the bylaw simply amended the original bylaw so that this would not be necessary.

An automatic feed will be installed in the fuel oil burner at the City Hall at a cost of approximately $75, it was decided by the council last night. It was explained by Alderman Perry, chairman of the Board of Works, that it would be safer and prevent any damage occurring to the plant. The automatic feed will regulate the supply of water to the boiler during the night or when the janitor was not present at the city hall.

A report from the janitor of the city hall to the council last night, showed an average daily cost of $4.12 for fuel oil in the City Hall during the month of January. Alderman Larson explained that in the reports of the janitor to date he had figured on the fuel oil costing eight cents a gallon in place of about five and half cents. This was therefore the first correct report on the cost which was not as high as had been expected.

City Clerk Jones reported to the council last night that he had a wire from R. R. Nichol, C.N.R. taxation commissioner, asking that the court of revision adjourn all C.N.R. appeals until he was able to be present on the evening of February 14. The mayor ascertained from the members of the court that Monday morning would be a suitable time to hear the appeals and it was understood that the court would adjourn today until that time as far as C.N.R. cases were concerned.

Bronchial Colds Quickly Ended

Buckley's Mixture is different from anything else you've ever taken for Coughs, Colds or Bronchitis. It *instantly* penetrates the bronchial passages, clears the congestion and relieves the distressing cough like a veritable flash! In so doing it wards off serious developments—"Flu", Pneumonia and chronic lung troubles.

Adults and children find it as pleasant to take as it is positive to relieve. The first dose proves its worth—and there are 40 doses in a 75-cent bottle of "Buckley's". Druggists everywhere sell it on a money-back guarantee.

City Clerk, E. F. Jones informed the council last night that the order of Judge Robertson, which would result in another election, had not yet been received and no action in regard to another election could therefore be taken in the meantime.

C.N.R. steamer Prince John, Capt. E. Mabbs, due toward the end of the week from Vancouver via the Queen Charlotte Islands, had a full list of passengers when leaving Vancouver Sunday morning including a large number of loggers returning to Island ports. The vessel called at Ladysmith to load coal while in the south this trip.

Inadvertantly, it was stated yesterday that the Sea Cadet Corps being organized in the city in connection with the Navy League of Canada would have a membership of sixteen. The corps will, in fact, have a membership of at least thirty and boys desirous of becoming members may give their applications into the hands of Frank Dibb, secretary of the committee.

HOW PLAYING CARDS WERE ORIGINATED

Story Has It That They Were Devised to Divert Mad French King From Delirium and Melancholia

The story goes, according to The Mentor Magazine, that playing cards were devised by a European to divert mad Charles VI. of France from delirium and melancholia. The Puritans maintained that his Satanic Majesty the Devil was the originator. But indications point to Oriental invention of great antiquity. Europe probably knew crads first in the thirteenth century. White men on arriving in America found the Indians playing with painted sticks a game strangely resembling the card games of Asiatic countries. And from this seemingly insignificant fact wise deductions are drawn as to the origin of the first race that people the American continents. The National Museum at Washington treasures a complete set of these aboriginal "cards" enclosed in a crude leather pouch. The Chinese had similar decks of carved ivory.

All of the earliest cards were, as a matter of course, hand drawn, and much time and labor were devoted to their designing. Often they were signed by the makers. Playing cards were actually the first wood engravings, and forerunners of printing. With the development of the engraving art came a deluge of the colored cardboards, square, round, rectangular, triangular, oblong. The came in all sizes, bearing pictures of every conceivable object that walked, swam, crawled, flew or grew. Each country tried to outdo the other in eccentric design.

WORK ON PRINCE ALBERT COMPLETED BY YARROWS

The steamer Prince Albert, which has been having an extensive overhaul at Yarrows Limited in Victoria for the past three weeks, was moved from the marine railway to the outfitting dock last week and released to resume her service today or tomorrow.

F. Pasqualla, charged with vagrancy appeared before Magistrate McClymont this morning, and was remanded for eight days.

CARD OF THANKS.

Mrs. Erickson and family desire to convey their sincere thanks to their many friends for the kind expressions of sympathy received in their recent bereavement with special thanks to Mr. Jack McRae for his kindness.

Local Druggists Have Modern Remedy for Colds

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion.

At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.
