Will America risk the Davis Cup, the most coveted trophy in the tennis world in youthful hands? The success of John Doeg and Gecrge Lott in the national tennis doubles rounds in eliminating Henri Cochet and Jacques Brugnon of the French challenging team, may lead the committee in charge to place this pair to contest the doubles match. Tilden and Johnson are wonderful tennis players, but they cannot go on forever. It is unlikely that either will be displaced on the singles contest and Lacosti and Cochet can be depended upon to hold their own.

Each of the French aces has beaten Tilden repeatedly in the past two seasons, and America can not hope for better than fifty per cent on these four contests. Therefore the Davis Cup will be won or lost to America in the doubles match. Should Tilden attempt to pair with Hunter in the doubles, the effort will weaken America's chances, more than entrusting this match to the two outstanding tennis finds of the year. The selection of the committee will be awaited as eagerly as the results of Saturday's final match.

CAUSE FOR GRATITUDE

At a Church Conference once a speaker made a number of very disparaging remarks regarding the universities, finally expressing gratification that he himself had not been corrupted by contact with a college. "Do I understand that the gentleman is thankful for his ignorance?" asked the chairman.

"Yes," said the other, "if you wish to put it in that way."

"Then," continued the chairman sweetly, "all I have to say is that you have much to be thankful for."—Yorkshire Post.
