

# Reliable Crist Watch

This watch is guaranteed reliable at a moderate price. This is accomplished by new automatic machinery which makes every piece so exactly to a standard that fifty watches can be taken apart and the parts all mixed up in a heap and when again put together into watches, they will run the same as before.

The price is only \$15.00 for gold filled cases and \$22.50 for the same watch in solid gold cases.

We, of course, have watches much lower than this but we specially recommend these.

# GOOD PROGRAM BY BOYS' BAND

ORGANIZATION CONTINUES TO SHOW  
IMPROVEMENT—A WELL-BALANCED  
CONCERT

Continuing to show improvement on each public appearance, the Boys' Band, assisted by local talent, gave another excellent concert last night in the Salvation Army Barracks under the direction of bandmaster Thos. Wilson. The youngsters are now able to attempt some of the more difficult numbers with great credit and their performance on the whole was very encouraging. The orchestra composed of some members of the band and other boys also played very creditably and, together with other artists, rendered a delightful program. The various numbers were well received and generous encores were responded to freely so the program was not complete until about 10:30.

Arrangements were in the hands of J. Dore, chairman of the Boys' Band committee, who also presided at the door. The hall was well filled and, while returns from the ticket selling are not complete, it is known that a substantial sum will be realized for the band's fund.

The program was as follows:  
March—"S.I.B.A." (Hall), Band.  
Overture—"Friendship" (Mackie-Beyes), Band.  
Selection—"Peerless" (Huff), Orchestra.  
Vocal solo—"Selected," Miss C. Jones.  
Mandolin duet—"Selected, Bussanich Bros.  
Duet—"Selected, W. Smith and A. Clapperton.  
Overture—"Bright and Gay" (Mackie-Beyes), Band.  
Waltz—"Sweet Rose" (Howell), Band.  
Song—"Selected, Mrs. D. Ross.  
March—"Fraternity" (Hayes), Band.  
Selection—"The Show Boy" (Hazil), Orchestra.  
Duet—"J. E. Davey and A. Clapperton.  
Waltz—"Pond Lillies," Orchestra.  
Overture—"Bohemian Girl" (Balfe).

## LAND ACT

NOTICE OF INTENTION TO APPLY TO  
TO PURCHASE LAND

In Prince Rupert Land Recording District of Prince Rupert, and situate on the north shore of the South Arm of Taseo Harbor, Moresby Island, Queen Charlotte Islands, Province of British Columbia.

Vocal solo—French composer, "Elegy" (Massenet), Mrs. Allen.  
Pianoforte solo—English composer, "Suite for Piano" (Thurbein), Mrs. Kenny.  
Vocal solo—English composer, "Summer-time on Breton" (Graham Peel), Mrs. Muldoon.

## FIRST REQUEST FOR AIRSHIP PASSAGE LONDON TO INDIA

LONDON, Feb. 24.—(Canadian Press despatch).—The first request for an airship passage from London to India has been received. It came by cable from Australia and requested berths on the airship R101 for next August. However, no airship bookings to India are likely to be made before 1928. The R101, a government airship, will probably be completed about July of next year and the R100, to be operated by the Airship Guarantee Company, will not be ready for flights much before the R101, so that a year will pass before an England-India airship journey is attempted. The fare will probably be about £100, and the trip will take about four days.

## LAND ACT

NOTICE OF INTENTION TO APPLY  
TO LEASE LAND

In Prince Rupert Land Recording District of Prince Rupert, and situate at Nesto Inlet, Queen Charlotte Islands.

TAKE NOTICE that Robert M. Currie, of Vancouver, B.C., occupation fish packer, intends to apply for a lease of the following described lands:—  
Commencing at a post planted on the south side of Nesto Inlet, about one mile from its head; thence south, 6 chains; thence west 16 chains; thence north, 6 chains to shore; thence east, 16 chains, more or less, following the shoreline to point of commencement, and containing 7 acres, more or less.

JOHN DYBAVN,  
Applicant.  
Dated November 23, 1926.

## LAND ACT

NOTICE OF INTENTION TO APPLY  
TO LEASE LAND

In Prince Rupert Land Recording District, and situate at Huston Inlet, Queen Charlotte Islands.

TAKE NOTICE that Robert M. Currie, of Vancouver, B.C., occupation fish packer, intends to apply for a lease of the following described lands:—  
Commencing at a post planted at northeast corner about 1,000 feet westerly from miners' cabins at head of Huston Inlet; thence westerly 20 chains; thence southerly about 12 chains; thence easterly 20 chains; thence northerly about 12 chains, and containing 24 acres, more or less.

ROBERT M. CURRIE,  
Applicant.

## NOTICE

February 7, 1927.

Citizens of Prince Rupert are hereby notified that according to the By-law No. 162, Section 480, "No person shall within the City place, keep or deposit ashes in wooden receptacles or within twenty-five feet of a house or building unless the same are contained in some safe depository constructed of brick, stone, or other non-combustible material."

I am instructed by the City authorities to notify all parties, who neglects to do so or who refrains from doing any act or thing which violates the above provision, that ten days from the above date an inspector will be empowered to take the necessary proceedings to enforce this section of the By-law.

H. A. McLEAN,  
City Engineer.

# PRINCE RUPERT THRIVING PORT

WHEAT POOL IS PROUD PARENT OF  
LUSTY YOUNGSTER, SAYS OFFICIAL ORGAN

There is a new grain port in Canada today as a result of the Alberta Wheat Pool's operations says the U.F.A. of Calgary, official organ of the United Farmers of Alberta, and the Alberta Wheat Pool.

Prince Rupert, terminal of the old Grand Trunk Pacific (now the Canadian National Railway) is Canada's baby grain port, and a lusty, thriving youngster, too.

The Alberta Pool is the proud parent of this port. Over four million bushels of wheat has been shipped from Prince Rupert by the Pool since last harvest. Prince Rupert is a Pool port.

The Alberta Pool leased the Government terminal elevator at Prince Rupert when nobody knew just how successful its operation would be. Prince Rupert is now definitely established as a grain port, and the local newspapers of that city are now out for more elevator accommodation.

## JUST AS CHEAP

The differential in ocean freight rates to United Kingdom as compared to Vancouver, has been discontinued, and wheat is carried just as cheaply from Prince Rupert as from the latter port.

What does it mean to be a grain-shipping port? It means the expenditure of about \$5,000 on each ship for provisions, coal, stevedoring and other incidentals. Right here it might be mentioned that Vancouver has benefited in this way from the Alberta Pool's operation to the extent of about \$1,250,000.

Amid all the clamor about the using of foreign ports and so on, now might be an opportune time to ponder upon what the Alberta Wheat Pool has accomplished in establishing a brand new Canadian grain port.

# ONTARIO HAS MOST TIMBER

SO MINISTER OF FORESTS AND LANDS  
TELLS LEGISLATURE OF THAT  
PROVINCE TO STOP EXPORT  
OF PULPWOOD

TORONTO, Feb. 24.—In spite of the enormous demands being made upon its timber resources and a fire menace which has destroyed many millions of acres of valuable forest land, Ontario leads the world in timber wealth. Hon. William Finlayson, minister of lands and forests, told the Ontario Legislature Friday night in moving the second reading of his forestry bill. The bill is aimed at further increasing this wealth and at rehabilitating the forest lands.

"We hope, by a new policy," said the minister, "to perpetuate the timber wealth of this province."

Incidentally, he added, it was the intention of the government to stop the export of pulpwood as rapidly as possible.

The measure proposes to invite the townships and rural municipalities to set aside tracts of land for reforestation purposes. The government would provide trees and attend to planting. After a period of thirty years the municipalities could take over the tracts planted entirely from the government, or return them to the government, or enter into partnership with the government in the reforestation plan.

# CANCER CURE BEING SOUGHT

LORD ATHOLSTAN'S PRIZE  
CLAIMED AT END OF TIME  
LIMIT—NEXT FIVE YEARS  
SHOULD BE MORE  
FRUITFUL

LONDON, Feb. 24.—(Canadian Press Despatch).—Will the next five years be more fruitful than the last five in the search for a cure of cancer. This question is a leading topic today, for it is just five years since Lord Atholstan, millionaire proprietor of the Montreal Star, offered a prize of £20,000 to the "graduate or student of any university who within five years after this date is the first to discover a medicinal treatment for the effective cure of cancer, the decision to be left to the Royal College of Physicians and Surgeons in London, England."

The prize has not been won, although research workers throughout the world have been continuously struggling with the problem. Now there is a prospect of increasing sums of money being devoted to research, and Sir Berkeley Moynihan, one of the world's greatest cancer experts, has issued a call for what he describes as a "national uprising against the scourge." Sir Berkeley is president of the Royal College of Surgeons, and in a meeting unique in British medical history he told his audience of 700 persons that 100 of them would die of cancer.

WHAT PROGRESS?  
Two separate questions remain to be answered: (1) What causes cancer? (2) What cures cancer? There is no necessary connection between the answers to these questions. It would be quite possible to find a cure—apart from the knife—without having discovered the cause; and on the other hand the discovery of the cause would not make the discovery of a cure certain, although it would probably bring it nearer.

In neither direction can the progress recently made be properly appreciated by anyone who is not an expert. For example, the famous work of Mr. Bernard and Dr. Gye in isolating and examining certain ultra-microscopic organisms said to be associated with cancer is far too technical and ambiguous for the lay mind, which demands clear-cut conclusions. Yet these have been the most striking performances during the past five years in an attempt to answer the question, "What causes cancer?"

Is local irritation the sole cause? Is there a cancer parasite? Has cancer anything to do with the blood stream, and if so, can it be controlled by diet? These are some of the questions to a study of which research workers are devoting their lives.

While Sir Berkeley Moynihan's prescription of the knife represents what may be called the official faith of the medical profession, it is by no means allowed to go unchallenged among the specialists. One of the strongholds of opposition is the Batterssea General Hospital, where non-operative methods appear to have met with considerable success.

ORTHODOX REMEDIES  
At present there are only three orthodox remedies for cancer: (1) Sur-

# The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household---every member of the household who shares the responsibility for the family's welfare---should make a habit of reading the ads.

Read the advertisements in order to buy wisely
