MORSE CREEK SKATING RINK

Gyro Club Decides to Embark Upon New Undertaking and Will Stage Dance to Defray Cost

The Gyro Club, at its luncheon today, decided to proceed forthwith on the preparation of Morse Creek as a skating rink. A new earth dam will be placed over the present old structure and stumps will be cut down so as not to penetrate through the surface of the ice sheet which will be two-and-a-half feet higher than the former surface. The cost of the project is estimated at $225 and to assist in meeting this the club has decided to put on a novelty dance next week.

George R. Tite, chairman of the committee having charge of the recent hoedown, reported that $265 had been netted to the club's playground fund as a result of that affair.

The club wished bon voyage to Charlie Starr, Morris Blott and Norman Freeman who are about to embark upon extended trips. Leave of absence was granted to Bill Crufkshank, secretary, who is going for a trip East.

It was announced that the dinner be given by the married members to the single as a result of a recent baseball game would be pulled off in the near future.

A pair of socks, presented by Jimmy Parquhar for the regular drawing, was won by Eddie Mann.

STEAMSHIP CATALA STUCK ON PINNACLE OF ROCK IS EXPOSED AT HIGH TIDE

(continued from page one)

steamer was about 20 or so feet off her course. She would have missed the reef had she passed only a short distance further north, he believes.

LOCAL PASSENGERS

Local passengers aboard the Catala included Bishop E. M. Bunoz, O.M.I., who was returning from a trip to Anyox on ecclesiastical duties, and Corp. R. P. Ponder of the provincial police, who was completing the round trip to Stewart. Rowland King of Seattle, who is interested in mining at Alice Arm, and Stephen Dumas, Alice Arm business man, were also southbound passengers on the vessel.

In addition to the B.C. Towage & Lighterage Co.'s salvage boat Salvage Princess, the Pacific Coyle Navigation Co.'s tugs Lorne and Cape Scott are also standing by the Catala, the Cape Scott, whicvh had delivered scows of coal and lumber to Albert & McCaffery here on Monday, having been despatched last night to the scene from Prince Rupert with a derrick scow in tow. The big salvage boat Salvage King, most powerful on the coast, cleared from Vancouver last night full speed for the wreck.

What disposition will be made of the Catala following her release from the rocks had not been announced this morning. It is very likely she will come to the Prince Rupert dry dock for survey at least.

It is understood that the company will despatch the Camosun from Vancouver to take the Catala's run this week.

It was announced this morning that the tug Lorne would take the first pull at the Catala at 12:30 noon today.
