# PITTSBURG LOST ANOTHER GAME

**St. Louis Again Tied With New York and is but Three Games Behind**

NEW YORK, Sept. 21.—Losing again to the Brooklyn Dodgers yesterday, the Pittsburg Pirates dropped another half game in their hold on the National League supremacy and are now three games ahead of New York Giants and St. Louis Cardinals, the latter being again tied with the former, the Cardinals winning their fifth straight game from Philadelphia yesterday while the Giants were idle.

The Pirates' failure to score a single run in the last two games against Brooklyn, after eleven successive victories, is causing some misgiving among the former's supporters. Bill Doak shut them out yesterday.

Pittsburg can win by taking seven of their remaining twelve contests even should the Cardinals win all their remaining ten contests.

In the American League, the Philadelphia Athletics further confirmed their hold on second place by taking a doubleheader from St. Louis Browns, while Detroit almost jumped into third place over Washington by taking two games from Boston.

Yesterday's scores were as follows:

NATIONAL LEAGUE
Brooklyn 3, Pittsburg 0.
Boston 5, Chicago 8.
Philadelphia 4, St. Louis 5.

AMERICAN LEAGUE
St. Louis 1-3, Philadelphia 4-7.
Detroit 4-5, Boston 3-3.

MACKENZIE PARK

Editor, Daily News:

Mackenzie Park is the name applied to a piece of British Columbia crown land about seventy miles east and west by twenty north and south lying south of Bella Coola Valley in the Norway of Canada about half way between Vancouver and Prince Rupert, or about sixty miles east of Ocean Falls. Thus far it has apparently been considered unproductive as it is still unsurveyed, apparently because no one has wanted any of it for agriculture (it is perhaps too high to grow crop), for mining or for timber—present logging methods cannot apparently handle any possible timber in it at a profit, if at all.

Sir Alexander Mackenzie, after over a year of tedious joureny from Montreal, when he must have been tired of scenery, described the scenery here as stupendous, etc., in his report published in 1801.

Switzerland receives millions of dollars revenue annually from foreign tourists. Let us make Mackenzie Park known to the tourists of other countries, especially the United States. The latter at least can reach it for less expense than they can go to European tourist resorts. The sale of wheat deprives Canada of a good product—the wheat; the sale of fresh air and a look at Mackenzie Park, with its uncounted glaciers and thousands of waterfalls, takes nothing from Canada but brings money to her through railroads, steamships, hotels and garages. The farmer, too, can then sell his strawberries and cream and his other produce; the guides and packers can also profit. Thus Canada may capitalize and profit from an at present unsurveyed area of government land. By attracting tourists to Mackenzie Park Canada can give health of body and mind to the tired business man, which is worth all he can pay for it.

HARLAN I. SMITH.
