A QUARTER of a century in the milk business has taught us that milk quality must begin with the cow.

And so the Carnation Milk Farms, with their world-famous herds of Holstein cattle, seek to encourage and provide better dairy stock.

If asked the question-"Would you like to add 10 years and from 1:30 to 3:30 p.m. Cucumbers, each to your life?"-no one would say no. On the other hand few people make an effort to add those 10 years. Doctors, by stamping out such diseases as smallpox have added ten years to our average life-and could add another ten if people were wise enough to consult their doctor on the first symptoms of illness. Consult your doctor-follow his orders-if he includes a prescription in his treatment bring it to Ormes where his orders will be followed implicitly and only the finest of pure drugs used.
