

A Watch to be Proud of

During the many years we have been selling watches we have never handled an assortment better than the new lot of imported watches received this Fall.

Since the war, owing to unsettled conditions, a great many inferior watches have been put on the bargain counters and many of them will not keep going more than a year.

One of our new makes has all the steel parts of stainless steel, which will not rust even if exposed to water.

Prices from \$15.00 up. Let us show you!

ABOLITION OF JURY SYSTEM

MATTER WAS DISCUSSED AT ANNUAL MEETING OF EDMONTON LAW SOCIETY

EDMONTON, Alta., Jan. 6.—(By Canadian Press)—Abolition of the existing jury system in favor of trials before a single judge was urged at the annual meeting of the Edmonton Law Society, by Neil D. MacLean, K.C.

"The jury system started in Britain to replace the trial by combat and it carries out the spirit of the same dark ages," Mr. MacLean said. "More especially" he added, "if the admiralty law were adopted in damage actions should the civil jury be abolished, because it is only a judge who gives the defendant a fair show."

Mr. Justice Hyndman favored the jury system for criminal trials as carrying on a British jurisdiction and civil juries were often better than trial by judge alone. The call of the public provided a "safety valve." Nor did Mr. Justice Ford agree that the jury system should be abolished for he had found at times that he welcomed their assistance in difficult cases.

A resolution favoring a reduction in the cost of a civil jury trial was endorsed. Sponsors of the resolution pointed out that in Ontario no fee was charged while the other provinces of the dominion had a lower rate than the fee of \$200 charged in Alberta. Under prevailing conditions it was asserted a poor litigant was often prevented from obtaining justice.

HERE WAS REALLY SCOTTISH GREETING

Moose Jaw Man Wondering if Christmas Card was not Practical Joke

MOOSE JAW, Jan. 6.—(By Canadian Press)—Unique among Christmas cards received this season, was one addressed to Frank S. Hall, a resident of this city. It was a Scotsman who sent the card and the verse on it read: "A Merry Christmas 't' Ye and a Gude New Year for 1927, 1928, 1929 and 1930." On the reverse side, was written: "Please return when through with the card."

The card was delivered to Mr. Hall in an unstamped envelope. He suspects a practical joker.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that Robert M. Currie, whose address is 1416-8th Ave. West, Vancouver, B.C., will apply for a license to take and use fifty gallons per minute of water out of small creek, unnamed, which flows southerly and drains into Huston Inlet, Q.C. Islands, about 1,000 feet westerly from miners' cabins at head of Huston Inlet. The water will be diverted from the stream at a point about 200 feet from shore line, passing through twenty-four acres applied for under lease, and will be used for industrial purposes upon the land described as applied for to lease at head of Huston Inlet, Moresby Island.

This notice was posted on the ground on the 6th day of December, 1926. A copy of this notice and an application pursuant thereto, and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication is December 20, 1926.

ROBERT M. CURRIE,
Applicant.

ROBERT M. CURRIE,
Applicant.

MANY VISITORS NATIONAL PARKS

NEW RECORDS MADE BY MOST OF CANADIAN SCENIC SUMMER RESORTS

CALGARY, Jan. 6.—(By Canadian Press)—The 1926 summer season witnessed the establishment of new records in the number of persons visiting the Canadian National parks.

While this increase has been general it has been most noticeable in the matter of motor tourists. Advances made in the automobile industry and in the construction of good roads, have brought corresponding advances in the growth of motor travel, until this traffic has become of great importance in the development of the country.

Highways play an important part in drawing a large number of the tourists who visit Banff and Kootenay National parks by motor. Through the Kananaskis gateway, which is the eastern entrance to the Banff park and the Radium Hot Springs gateway, which is the western entrance to the Kootenay park, there passes each year the greater part of the motor traffic to the Canadian parks in the Rockies.

The volume of travel which poured into these two parks by motor is shown by the registrations. At the Kananaskis gateway at the end of October of this year 18,069 motor cars had been registered as incoming; at Radium Hot Springs gateway, 6,593 entries were recorded, making a total of 24,662 cars entering the two parks. This number shows an increase of 5,760 over the number recorded in 1925.

Waterton Lakes, National Park, in Southern Alberta on the International boundary drew an amount of tourist travel far in excess of the previous year. The possibilities of this scenic wonderland are accentuated by the plans for extensive development announced in 1926.

The opening in June 1926 of the motor road extension from Lake Louise to Field, brought Yoho National Park for the first time into prominence in the motor tourist world. The further extension of this road which will enable motorists to proceed through Golden, is expected to be opened to travel early in 1927.

Jasper National Park, in the northern part of Alberta, had a most successful season, nearly 7,000 hotel registrations having been recorded prior to the end of October.

The National Buffalo Park at Waterton, Alta., drew more visitors than in former years. A very keen interest is being taken in all countries, particularly in Canada and the United States, in the efforts of the Canadian government to preserve the buffalo and also in the experiments that are being conducted at Buffalo Park in cross breeding.

DUKE OF YORK GETS WARNING

KING'S SECOND SON GETS LITTLE CONSOLATION FROM OLDER BROTHER'S EXPERIENCE

LONDON, Jan. 6.—On the eve of departure of the Duke and Duchess of York for their Australian tour today it was calculated that the Prince of Wales had shaken the hand of more than 85,000 persons in the last five years and handshaking was a strain which no longer should be imposed upon Royalty.

It was pointed out that the Duchess though young and perfectly healthy may not be able to withstand the exertions required at receptions during the six weeks the couple will be touring Australia and New Zealand.

Medical experts have recalled that Queen Victoria and before her the Georges, the Stuarts, and in fact the entire company of kings and emperors, knew nothing of the practice, and that it was King Edward who instituted the custom.

MANITOBA ASKS BEER BY GLASS

Already 80,000 Names on Petitions Started by Canadian Legion

WINNIPEG, Jan. 6.—(By Canadian Press)—Petitions still are in circulation throughout Manitoba which will be presented during the approaching session of the provincial legislature, asking for the passage of an act which would permit the sale of beer by the glass. Already about 80,000 names have been subscribed, it is officially stated.

Agitation for the sale of beer by the glass in recent years was started at the first annual convention of the Manitoba command of the Canadian Legion of the British Empire Service League, on March 19, 1926. R. H. Webb, mayor of Winnipeg, is president of the League.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that Department of Public Works of Canada, whose address is Ottawa, will apply for a licence to take and use 3,000 gallons per day of water out of unnamed stream, which flows easterly and drains into Dodge Cove on the east side of Digby Island, B.C. The water will be diverted from the stream at a point about 100 feet west of the northwest corner of Lot 36, subdivision of part of Lot 1993, Range V., and will be used for domestic purpose upon the land described as Dodge Island. This notice was posted on the ground on the 22nd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 24, 1926.

GAS PRESSED ON MRS. HARRIS' HEART

"I had gas (from stomach) pressing on my heart. Adierika did more for me than anything else." (signed) Mrs. A. H. Harris. ONE spoonful Adierika removes gas in TEN minutes and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you sleep well and enjoy eating. Excellent for chronic constipation.—Ormes Limited, Druggists.

HOUSE PLANTS DURING WINTER

SOME SUGGESTIONS FOR KEEPING VARIOUS SPECIES IN GOOD CONDITION

(Experimental Farm Note.)

It is rather difficult to keep house plants in good condition throughout the long winter, hence a few hints may prove useful. Some house plants make little growth during the winter and, while they are thus at rest or nearly so, they should be given just enough water to prevent the roots from drying up. This applies particularly to palms, hydrangea and fuchsia, the two latter being kept in a cool place. Plants which are growing should be kept well watered but it is important to see that no water accumulates in the pot or in the jardiniere in which the plants are sitting, otherwise the roots will rot and the plant not thrive. This often happens to large ferns. Plants should be watered only when the soil is becoming

Credenza \$385

Convert Money

into Pleasure!

by using that Christmas money gift in the finest way possible,—the purchase of an Orthophonic Victrola

If SOMEONE paid you the very agreeable compliment of giving you a check for Christmas,—saying,—“Use your own judgment as to what to buy for yourself”,—here is your opportunity to justify the good intentions of the giver.

Get yourself a Credenza!—the prince of musical instruments,—an Orthophonic Victrola.

A Credenza,—the gift that keeps on giving, for ever and ever,—the gift that brings all

music into your home, famous artists . . . hours and hours of happiness!

It matters not whether the amount you received be large or small. You will find that arrangements can be made with "His Master's Voice" dealers to deposit this as a first payment,—and you may have your Credenza delivered in time for the New Year.

Remember, too, that the new Orthophonic Victrola is the famous instrument on which you have heard so much favorable comment. It, and it only, employs the principle of matched impedance, or "smooth flow of sound", a principle which may be used only by Victor Company, so that you may have the finest musical instrument in the world.
